Gasoline prices not overly high, Welch tells Eakins

County motorists who want relief from inordinately high gasoline prices in the area aren't likely to get any support from Ontario's energy minister. In response to a question from Victoria/Haliburton MPP John Eakins, who asked the minister to provide an explanation of why local gasoline prices are more than 30 cents a gallon higher than in Peterborough and Toronto, Robert Welch said "price wars" account for much of the difference.

"Current prices for regular leaded gasoline only vary by one cent to two cents a litre or 4.5 cents to 9 cents a gallon in these locations," Welch claimed.

"Due to the highly competitive nature of the oil industry and the recent 'price wars', prices for motor gasoline are extremely dynamic," the minister said. "There may be greater variations between independent dealers, between grades of gasoline and between full service and self-serve stations in these and other locations."

Welch declined to take any action, saying only that "the Ministry (of Energy) will continue to closely monitor the situation".

In a letter to Dysart council, Eakins said he was "not totally satisfied with the answer".

He said he also took the matter up with the Ministry of Consumer and Commercial Relations, but "they have washed their hands of any responsibility".

Eakins promised to investigate the matter further and report to council "at a later date".

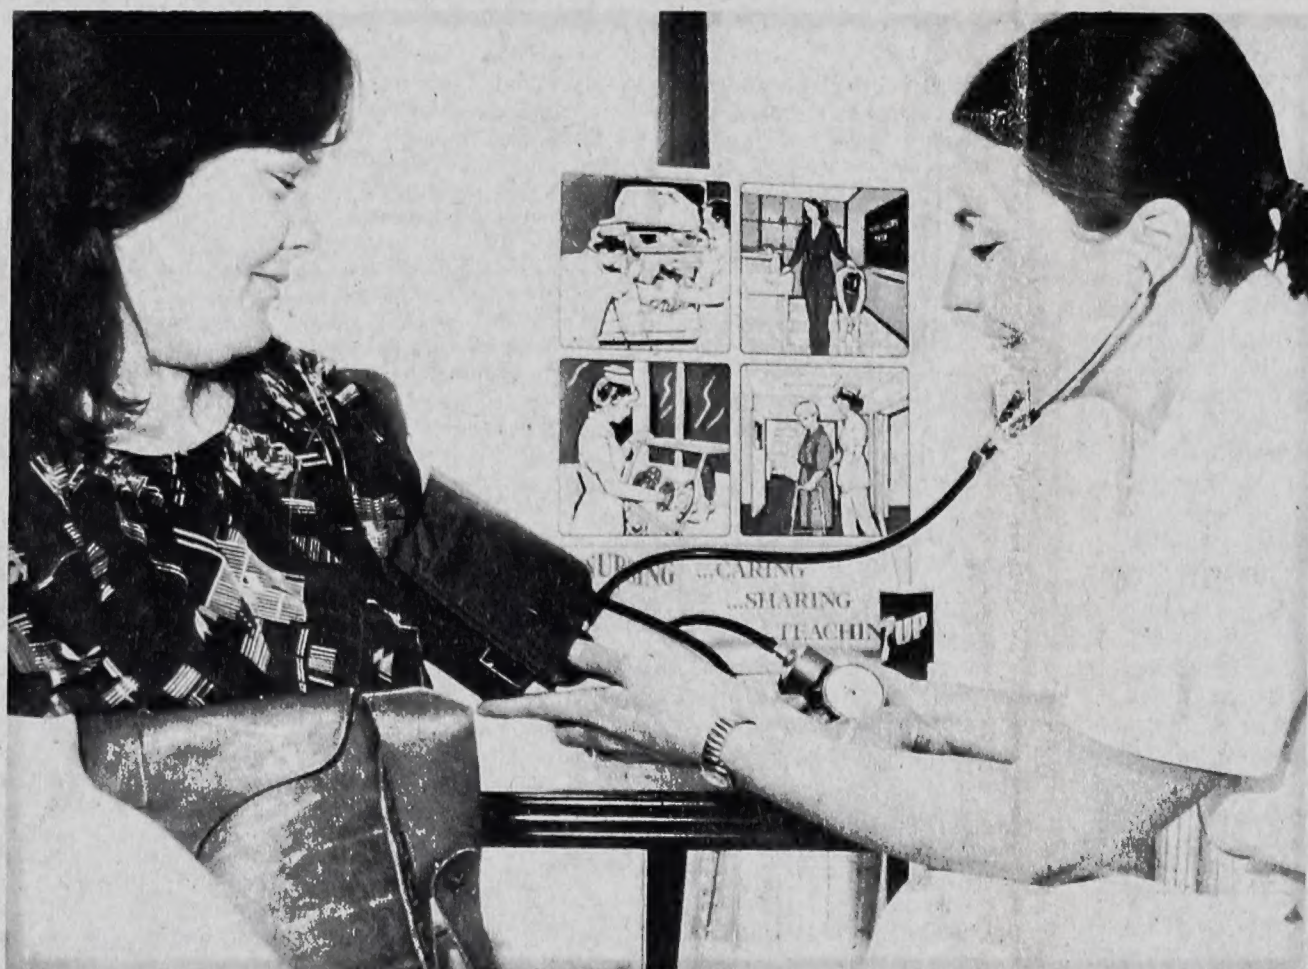

Board of Ed. hires new administrator

A new business administrator has been hired by the Haliburton County Board of Education.

Stanley W.J. Baker of Aurora was hired at a special meeting of the board last Thursday night.

The position has been empty since January, when former business administrator Jim Leworthy accepted a job with another board. Since then, the workload has been shared among director of education Doug Hodgson, board office staff and the accounting firm of Dawson, Gray, Dart.

Since 1963, Baker has

This week has been proclaimed Nurses' Week and to help emphasize their role in the community, nurses are conducting special clinics in Haliburton Village

this week. Nurse Karen Turner, right, tests Jean Pollard's blood pressure at the Canadian Imperial Bank of Commerce, Monday.

Two lakes 'dead' report says Researchers find scores of lakes susceptible to acid rain

Two lakes in Haliburton County have become acidified and many fish, clam, snail and amphibian species may be absent from those waters, according to an acid sensitivity survey of lakes in Ontario.

The survey, released in April, was conducted by Ministry of the Environment, Ministry of Natural Resources and university re-

searchers. It rates lakes from level one to five according to their sensitivity to acid loading.

In Haliburton County, 196 lakes were included in the survey. Crystal Lake and McDonald Lake have zero or negative alkalinity according to the study. Their waters are exceptionally clear although clouds of algae may accumulate in inshore areas. It is possible, according to the study, no fish may exist in these lakes.

Fifty seven lakes in the area have a very low alkalinity and are extremely sensitive to heavy acid loadings. In these lakes fish kills and other biological damage may occur during spring run-off. Level two lakes are: Anson, Bentshoe, Big East, Big Hawk, Big Porcupine, Bluegrass, Bonnechere, Camp, Cinder, Clinto, Crown, Dagger, Frank, Fraser, Gun, Harry, Havelock, Johnson, Kelly, Kennisiss, Kimball, Koshong, Lipsey, Little Buckhorn, Little Hawk, Little Kennisiss, Lochlin, Louisa, McGarvey, Monck, Monrock, Mouse, Nehemiah, North, North Galipo, North Grace, Nunikani, Paul, Phipps, Pinetree, Plastic, Protter, Rainbow, Raven, Red Pine, Rockaway, Sherborne, South Anson, South Galipo, South Wildcat, Stocking, Stringer, Tock, Upper Redstone and Wren.

Eighty three lakes are moderately sensitive to heavy acid loadings. Fish and other biota are generally less at risk in comparison to level two lakes. Those lakes, termed as level three lakes are: Amaleen, Austin, Avery, Bark, Basshaunt, Bear, Beer, Benoit, Big Orillia, Big Rock, Billings, Bitter, Bivouac, Bob, Boshkung, Brady, Buchanan, Buckhorn, Byers, Cauliflower, Clean, Clear, Clydegale, Cup, East, East Galipo, Fletcher, Galeairy, Guilford, Haliburton, Hay, Halls, Harvey, Hudson, Hurricane, Kabakwa, Kawagama, Kingscote, Kushog, Little Bob, Little Boshkung, Little Branch, Little Cup, Little Fletcher, Little Hay, Little Orillia, Little Redstone, Little Soyers, Livingstone, Long Pond, Louie, Lower Cup, Lower Fletcher, Lutterworth, MacDonald, Madawaska, McFadden, Millichamp, Millword, North Pigeon, Ob-long, Oxtongue, Pelaw, Pen, Percy, Pker, Ragged, Redstone, Renee, Rock, St. Nora, Scorch, Silent, Slipper, South Boot, South Jean, South McDonald, Stormy, Tedious, Troutspawn, Twelve Mile,

Welcome, Wildcat and Wolf.

Thirty - one Haliburton County lakes have low sensitivity to heavy acid loadings and are likely to experience biological damage only under extreme snow-melt conditions during spring run-off. Lakes rated at this level are: Allen, Beech, Canning, Cranberry, Drag, Eagle, Eels, Elephant, Fishtail, Fourcorner, Grace, Grass, Green, Gull, Head, Jordan, Kashagawigamog, Ken-nawag, Kennibik, Lower Welch, Lowry, Maple, Minnicook, Moose, Mountain, Partridge, Paudash, Pine, Soyers, and Welch.

Twenty-three lakes in Haliburton County are not sensitive to acid loadings and are capable of withstanding heavy acid loadings during spring run-off without biological damage. Such lakes contain sufficient buffering capacity to neutralize acid rain for an indefinite period. Level five lakes are: Bar-num, Blue Hawk, Contau, Davis, Duck, Esson, Farquhar, Glamor, Glen, Gooderham, Little Dudmon, Long, Loon, Lower Paudash, Margold, Miskwabi, Monmouth, Pusey, Salerno, Big Straggle, Little Straggle, Two Islands and West.

Lake sampling and analysis by the ministries is continuing and up-dated fact sheets will be released in the future.

Catholic church to open

The congregation of St. Anthony's Roman Catholic Church will hold its first service in the newly constructed building in Haliburton Village this Sunday.

Since construction of the new church began, the congregation has held services in St. George's Anglican Church.

According to Paul Morissette, of the building committee, the interior of the church is finished. The pews and altar are expected to be assembled this week. The hall section of the new building should be completed in the next two weeks.

Morissette said workmen are laying bricks on the exterior of the building and hope to have that phase of the project done about the first week of June. Landscaping and final touches are expected to be completed by the end of June.

An official opening of the new church is not expected until July.

Morissette said the project should be completed within the building committee's estimate.

ing should be completed in the next two weeks.

Arcade by-law passed

Hours to be restricted, students banned during school in bid to minimize problems

Dysart et al council has passed a tough new by-law to regulate amusement arcades in the municipality.

The by-law, passed Monday, sets a \$500 license fee, limits hours of operation, bars youngsters under 16 at all times and students during school hours, and prohibits Sunday and holiday openings.

A large and demonstrative group of local citizens was on hand Monday afternoon to lend support to council in dealing with the arcade issue.

Skyline rides owner Steve Bowskill was one of two businessmen expected to present requests for arcade licenses at the meeting, but Bowskill sidestepped the issue, claiming that the six video game machines recently installed in the former Cauldron Pharmacy building on Haliburton's main street do not constitute an arcade. Instead, he asked council for permission to fly the Sky-slider balloon from the municipal parking lot in front of the curling club.

Reeve Murray Fearrey said he understood Bowskill was attending the meeting to discuss the arcade opened in the pharmacy building without council's permission, but Bowskill replied that he was "not aware of an arcade".

"There's no arcade there," Bowskill said, although he admitted that six video machines were recently installed on the premises. He said three businesses (Sky-line Rides, The Sweet Retreat, and Linkerts Bakery) are operating from the building, and that each has a separate lease. Since the amusement by-law (79-29) in force when the machines were installed permits any business to have two machines without a license, Bowskill said he had not started an arcade.

"I'd say that's stretching a point," Reeve Murray Fearrey countered. He added that the new by-law which council was about to pass would not allow more than two machines on the same premises without an arcade license.

Bowskill claimed the new by-law was directed specifically at him, but Fearrey replied that it would be "directed at everybody, in fairness to everybody".

Businessman Wes Good also attended the meeting to serve notice that he wanted to set up an arcade on or near the main street with "20 to 25 machines".

Good said he hoped to open what he termed "a

proper arcade and supervise and police it properly". He claimed the community needed a place that would keep people off the streets.

"We're not here to take kids out of school or interfere with their sports," Good said, adding that his arcade would be simply another amusement, like the Sky-slider ride.

Drunkenness, rowdiness, drugs and foul language would not be tolerated in his establishment, Good said.

He added that a recent survey in Toronto showed that 40 per cent of the cus-

tomers of electronic arcades are adults.

In reply to a question from councillor Sid Cooper, Good said he was prepared to open the arcade even if the controlling by-law banned students from the premises during school hours.

Haliburton High School principal Dale Robinson said he felt it would be "mandatory that (the arcade) not operate during school hours".

Robinson pointed out that new intramural activities will be offered at HHSS next year during lengthened lunch hour, and that "it would be hard to compete with an arcade".

Applause broke out at several points during the discussions when the reeve indicated that the new by-law would restrict hours, keep arcades closed on Sundays, and ban students during school hours.

Lawyer David Bishop, who assisted council in drafting the by-law, emphasized that the municipality could not pass a by-law banning arcades entirely, but that it could license and regulate them.

"It looks like something you have to live with," reeve Murray Fearrey told the meeting, "but with some

Fair to all ... pg. 4

tomers of electronic arcades are adults.

In reply to a question from councillor Sid Cooper, Good said he was prepared to open the arcade even if the controlling by-law banned students from the premises during school hours.

Robinson pointed out that new intramural activities will be offered at HHSS next year during lengthened lunch hour, and that "it would be hard to compete with an arcade".

Applause broke out at several points during the

controls on it".

Baptist minister John Smith spoke for many of the people who attended Monday's meeting, saying he and others were backing council on the issue.

Once Bowskill, Good, and most of the public had left the chamber, council gave three readings to and passed by-law 82-21, "A by-law to license, regulate and control places of amusement within the limits of the United Townships of Dysart et al".

Among its highlights: • Everyone who wants to operate an arcade, except on premises licensed under the Liquor License Act of Ontario, must get council's approval. Please turn to Page 2

CN sets high price for local rail line

Dysart et al will not purchase its portion of the Lindsay/Haliburton rail line unless Canadian National Railways comes up with a more realistic price than the one it gave clerk Wayne Wood in a recent telephone conversation.

Wood told council Monday that CN valued the six mile Dysart section at \$450,000 for the land, \$400,000 for the rails and \$25,000 for the ties, for a total of \$875,000. This would be offset by estimated removal costs, but would still leave a net price to the municipality of \$300,000 for the line in its present condition.

Council felt CN's estimate was unrealistic, noting that much of the right-of-way is poor quality land, and that the portion skirting Head Lake passes between private property.

Councillors agreed that if CN is prepared to set a more realistic price for the line, the municipality will consider purchasing it.

A figure of \$50,000 was suggested as a starting point.

CN was to begin dismantling the line last week, but the work has been put off until a final decision is made on whether municipalities in Haliburton and Victoria Counties are prepared to buy it intact.

Ontario's Ministry of Transportation and Communications also has expressed an interest in acquiring the entire 56 mile right-of-way, but does not want the rails, ties and other equipment. The MTC is expected to call for a six month moratorium on disposal of the land but a formal request to CN has not yet been made.

Workers face layoff

Martin Lumber affected by slowdown

A slumping lumber market has forced G.W. Martin Lumber Ltd. in Harcourt to schedule three mill closures in the next three months.

According to manager Brian Sarginson, mill shutdowns totalling four weeks are planned. The company's logging operations were curtailed in March and Sarginson said a large inventory of logs is still on hand.

The proposed shutdowns, which are scheduled to begin next week will affect all employees of the sawmill, lumber yard and log yard operations, he said. Next

Monday, the mill will be closed for one week, followed by another one week closure beginning on June 21. The company's normal summer shutdown will account for two more weeks at the first of August.

Sarginson said the company, which has faced temporary closures during the past few months, had hoped the lumber market would begin to improve in the last half of 1982. However, hopes for that recovery have been dashed and the company is expecting a poor market for at least another 12 months.

orders that he was uncertain of when the company would operate at full employment again. He said it could be a long term lay-off if the veneer market does not improve.

Still working at the plant are office and management personnel and four employees in the splicing department of the new furniture component factory.

Veneer plant shutdown

Employees of Wilberforce Veneer and Lumber Company are facing an indefinite layoff, according to manager Floyd Tighe.

Over 30 employees were laid off last Thursday night, because the company has no work orders to fill, Tighe said. While a few employees may be called back on a temporary basis to fill small

Local students awarded art scholarships

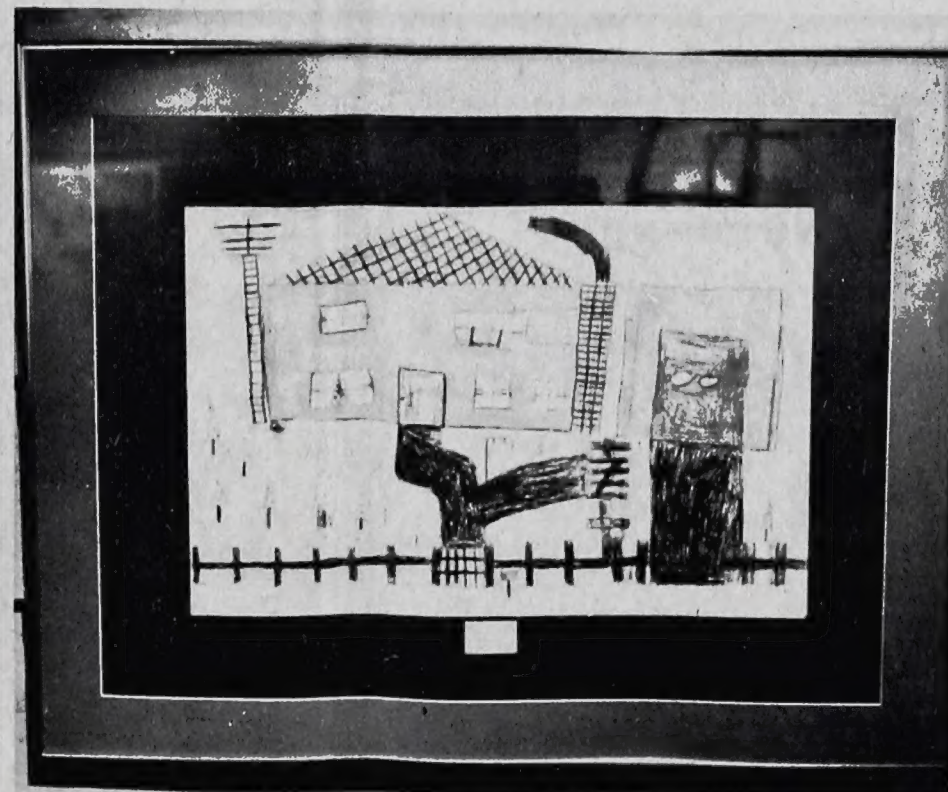

Children's art opens at Rails' End

Some 33 Haliburton County youngsters have been awarded scholarships to take a course at the Haliburton School of Fine Arts this summer.

The scholarships were presented at the opening of a children's art exhibition at the Rails' End Gallery in Haliburton Friday night.

Scholarship winners were chosen by lottery this year, after parents of interested children had been contacted to see if they could bring their children to the village for classes. Each school was then allotted scholarships in relation to enrollment.

Those receiving scholarships were: Haliburton Highlands Senior Elementary School: Grade 8 - Wendy Micallef, Michele Harrison, Grade 7 - Robbie Thibadeau, Kevin Barnhart, Grade 6 - Karen Madill, John Micallef, Grade 5 - Jason Smith, Darren Warburton, Grade 4 - Janine Cowen, Chris Phillips (Tina Rivers - sponsored by Doug Devolin). Cardiff: Alex Raciborski, Robin Cooke. Wilberforce: Tammy Lee. Gooderham: Jason Billings. Dorset: Jennifer Buss. Victoria Street School: Beth Bonfield, Katharine Wood, Laura Chumbley, Elizabeth Mark, Lynne Bussey, Eliza O'Neil, Billie Jo Mueller. (One child was sponsored by Mrs. Gorrie, the principal and one by the staff of school). Archie Stouffer: Kindergarten - Keith McKelvey, Grade 1 - Jennifer Murdock, Grade 2 - Greg Sisson; Grade 3 - Dustin Davis; Grade 4 - Karen Shaw, Karen Cooper; Grade 5 - Tanya Willison; Grade 6 - Charlena Warden; Grade 7 - Helga Meyers; Grade 8 - Melanie Legge. Briefly ...

Cars crash

It was an unlucky week-end for small cars in the county as four were involved in separate accidents with damage estimated in excess of \$17,000.

Three young men were injured Friday evening, when the Volkswagen they were riding in spun out of control on a curve on County Road #1 in Dysart Township. The car left the roadway, struck a group of trees, and was totally destroyed. Damages were estimated at \$10,000.

Ian Lawrence Pristol, 16 of Minden Township, driver of the 1981 car, was kept overnight at the Haliburton Red Cross Hospital. Passengers Ian Brohm, 17 of Gelett and Robert Milburn, 15 of Lochlin, received minor injuries.

Pristol was charged with consuming liquor while a minor.

Saturday, Nelson Nichols, 20 of R.R. 1 Paris, escaped unhurt when he swerved to avoid hitting a dog and lost control of his vehicle. The car rolled over causing damage to its front, roof and sides. No estimate of damage was set. The accident occurred early Saturday morning on the Old Harcourt Road, near Harcourt.

A Haliburton man was seriously injured early last Sunday morning when the car he was riding in drove into trees along Highway 121 in Dysart Township. Rosalene Morrison, 32, was taken to the Haliburton Red Cross Hospital for treatment of her injuries.

Two other passengers in the car, Wayne Currie, 33 of Oshawa, Derek Brett, 19 of Pickering and the driver, John Currie, 23 of Toronto escaped with only minor injuries.

The four were cresting a hill when the 1969 Acadian went out of control.

John Currie was charged with impaired driving.

Another Volkswagen was involved in an accident during the week-end. Christopher Alcock, 24 of Burlington, was travelling on Highway 118 near the Kushog Lake Road when the car veered onto the right shoulder, swerved and then went out of control. The car rolled over but Alcock was only injured slightly. Damage was estimated at \$4,000.

Alcock was charged with careless driving.

Vehicles collide

Damage amounted to \$8,500 when two vehicles collided in Haliburton village a week ago Monday evening.

Byron Bain, 41 of Bayshore Acres Road, was the driver of a 1978 pick-up that sustained an estimated \$5,500 damage while a 1976 Plymouth, owned by Sydney Buell, 28 of Dysart Township, received \$3,000 damage.

The vehicles collided at the intersection of Highway 118 and Park Street. Buell was charged with making an unsafe turn.

Theft charge laid

Conversations with residents living near the Schwandt Lumber outlet in Harcourt lead to charges of break and enter being laid against a Wilberforce man.

Last Friday, Malcom Gadway reported that a \$105 bench grinder had been stolen from Schwandt Lumber. When a police officer arrived, local residents were interviewed to discover if anyone had noticed suspicious activity around the business.

One neighbour hadn't noticed any suspicious happenings, but said that, by coincidence, he had just purchased a used bench grinder from another local resident.

Harvey David Townsend, 21, has been charged in connection with the break and enter.

Thieves who broke into the Bolender Quarry powder shed at Eagle Lake, Sunday night, stole 400 pounds of dynamite. Seven and a half cases of explosives were reported missing Monday morning. Police suspect that the theft occurred during the previous night. The dynamite is valued at \$1,000.

An officer from the identification unit in Peterborough was on the scene Monday morning to help with the investigation.

Occurrences increase

Minden OPP staff members are experiencing the annual summer increase of general occurrences.

Last week, officers investigated 85 general occurrences including nine break and enters, seven liquor infractions, six damage complaints and five thefts. Eight people were injured in seven motor vehicle accidents.

Dysart alters OHRP loans

Local residents who take advantage of the Ontario Home Renewal Program will no longer be eligible for 25 per cent 'forgivable' loans. Instead, homeowners who borrow up to \$7,500 under the provincially sponsored, municipally administered plan will have to pay it all back.

Planning supervisor Derrell Stamp recommended the change, advising council that it was being implemented in most Ontario municipalities.

Stamp said interest rates varying from nil to eight per cent, depending on means, are sufficient compensation for homeowners who take advantage of the program.

Since OHRP's inception, more than \$400,000 has been made available to Dysart residents to bring older homes up to current building code standards. Of the total, more than \$100,000 has been 'forgiven', and is no longer available to loan to other homeowners, Stamp noted.

Snowdon council holds April session

At its April meeting, Snowdon Township council considered the following matters:

Correction

Contrary to a report in last week's Echo, Paul Upton, 16, of Minden, one of three youths charged with thefts at Minden Pro Hardware and the Health Food Store, was not implicated in a series of cottage breakins at Mountain and Beer Lakes.

Police report, however, that additional charges stemming from the theft of a bicycle and thefts from two parked cars will be laid against Paul Upton this week.

Arcade by-law

from page 1
proval and secure a license from the clerk.

- The license fee was set at \$500.

- The license will be revoked by council if any provision of the by-law are breached.

- Contravention of any clause of the by-law will bring a fine of not more than \$2000 and not less than \$200.
- Every premises licensed under the by-law must be supervised at all times by a person not under the age of 19.

- Arcades may operate only between 11 a.m. and 8 p.m. Monday through Thursday, and 11 a.m. to 10 p.m. Friday and Saturday. They are to be closed Sunday and on all statutory holidays.
- No one under the age of 16 will be permitted in an arcade unless accompanied by their parent or legal guardian.

- Elementary and secondary school students will be barred from arcades between 9 a.m. and 3:30 p.m. on all school days.
- Premises are to be kept clean and sanitary at all times, and are to be open to inspection by any authorized officer.

M. Loucks and C. Burk approached council to enquire if Snowdon would be agreeable to opening the Original Allowance for Road (Concession 14) between Snowdon and Minden Townships. It was agreed that a representative would attend an on site inspection with Loucks and representatives of Minden Township at a later date, a decision to be made subsequent to this inspection.

In respect of a letter from CN Rail relative to the reinstatement of the road surface after removal of the track, it was decided that CN undertake this repair work under the supervision of the township.

The Clerk was directed to contact Glamorgan Township to enquire if they would be willing to enter into a cost sharing agreement as in previous years in respect of costs incurred at the Lochlin and Irondale Road dumps during the summer months.

By-law 10/82, a by-law authorizing the conveyance of various lands in exchange

Balloon flights vetoed again

Dysart et al council has rejected a second request from Skyline Rides owner Steve Bowskill for permission to fly the SkySlider hot air balloon on public property.

Bowskill had asked to be allowed to fly the balloon from the municipal ball diamond, but that request was turned down by the Dysart recreation committee and subsequently, by council.

Monday, Bowskill returned to council seeking permission to fly the balloon from the parking lot in front of the Haliburton Curling Club.

But council rejected the request, noting that it would take up needed parking space.

for other lands within the township, was passed.

In respect of a letter from the County Engineer relative to Systems Rationalization the following resolution was passed: that with reference to the changes outlined in item #1 in a letter dated March 22 relative to Highway 118, it is suggested that this highway continue from Highway 121 at Haliburton south to Highway 121 north of Kinmount. In respect of item #5, it is suggested that

if the trade off of Highway 648 does not materialize, the north end of Highway 507 lying in Haliburton County be assumed by the County in exchange for the County Road reverting to the Province. In regard to item 3 - Secondary Highway 503 from Tory Hill to Highway 121 at Kinmount be changed from a Secondary to a Kings Highway.

Coverage on the liability insurance of the township was increased to \$1 million.

LKTA urged to help on issue

The Lake Kashagawigamog Tourist Association will be asked to negotiate with the owners of Silver Beach campground on the future of a disputed beach area.

The move came after the LKTA board of directors wrote a letter to council asking the municipality "to come to an amicable solution (with the campground owners) which would establish under whose responsibility and ownership the beach falls."

Council instructed clerk Wayne Wood to reply that the municipality "has exhausted every effort in trying to negotiate" with the campground owners and council.

ground owners, and that if the LKTA can work out a solution, they are welcome to do so.

The beach has been the subject of controversy for more than two years, after the Silver Beach campground owners began claiming it for the exclusive use of their customers. A small, triangular portion of the beach is included in the campground property, but council maintains that the rest of the beach is public.

Expropriation procedures were initiated last year, and are expected to be concluded this summer if the LKTA cannot work out a compromise between the campground owners and council.

Dysart gets land if school shut

Dysart et al will get land for a community park if the Haliburton County Board of Education ever decides to close Victoria Street School.

A tract of land to the east of the existing school building was deeded to the board of education by the late Clayton W. Hodgson a number of years ago, and has been used as a playground by the school children ever since.

If the school is closed, the land, described as all of lots 6, 7, 8, 9 and 10, Block 'V' in the Town Plot of Haliburton,

will revert to the municipality of Dysart et al for park or recreational purposes under a 1974 agreement between Clayton Hodgson's executors and the municipality.

The agreement notes that if Dysart does not want the land for park purposes, it would then revert back to Clayton Hodgson's estate.

There are no plans to close Victoria Street School in the immediate future, but board members admit that as declining enrolment continues to be felt, the possibility looms larger.

Ontario Tax Grants For Senior Citizens

1982 Instalments of up to \$310 Have Been Mailed

Ontario Tax Grants for Seniors is a program designed specifically to help offset municipal and school taxes for Ontario residents 65 and over. The Ontario Ministry of Revenue has just completed the mailing of cheques which comprise the first instalment of the 1982 Property Tax Grant of up to \$250 and a new temporary Home Heating Grant of \$60. These cheques were mailed on May 10th.

Who received it?

- If you're 65 or over and own or rent your home, you're eligible for the Property Tax Grant.
- The 1982 instalment cheque was mailed to all Ontario seniors who received the 1981 Property Tax Grant.
- This is intended to help you pay your property tax or rent for the first part of 1982. In the fall you will automatically receive an application for the balance of your grant.

Who did not receive it?

Basically, if you didn't receive a 1981 Property Tax Grant, you will not have received the May instalment. In particular, seniors should note that:

- If you reside in a nursing home, home for the aged or any property tax-exempt institution, you're not eligible for the Property Tax Grant.
- If you turned 65 after December 31, 1981 (and therefore did not qualify for a grant last year) you also won't have received the May instalment. However, you will receive an application for the entire 1982 grant in the fall.

Temporary Home Heating Grant

This year a temporary Home Heating Grant of \$60 has been added to the Tax Grants Program to help seniors cope with the sudden increases in heating costs. This \$60 is included in your 1982 instalment cheque. For example, if you received a Property Tax Grant of \$480 for 1981, your 1982 instalment amounts to \$300 (1/2 of \$480 = \$240 plus \$60).

For Velma Smith, helping is nursing's reward

After 27 years on the job, she still enjoys it

by LEN PIZZEY
Echo Editor

For 24 of her 27 years of nursing, Velma Smith has been caring for patients in Haliburton's hospitals. It's a job that can leave her emotionally and physically drained at the end of an eight hour shift. But it's a job she loves.

Velma Smith graduated from the nursing program at Toronto Western Hospital in the autumn of 1955. It was something she had wanted to do since she was a child.

"I was always intrigued by hospitals and thought I'd like to work in a hospital in some capacity," she says.

For a while she toyed with the idea of becoming a dietician, but then opted for nursing.

Both her grandfathers had lived at her parents' home when she was a youngster, and her mother cared for them in their last years.

"Whether that had something to do with it, I don't know," she says.

After graduating she spent a year interning at Toronto Western, and during that time she was posted for a month to Bancroft's Red Cross outpost.

She liked the busy atmosphere of a small hospital, and a short time later, decided to join the Red Cross organization. Her first permanent posting was to Rainy River, but in 1958, she was sent to Haliburton as charge nurse for the hospital, which was then located in what is now the Haliburton Kawartha Pine Ridge District Health Unit office.

The community was different then, and so were Velma Smith's responsibilities. There were only two doctors in town, and there was no on call system. If an emergency arose, the lone nurse on duty had to do what she could for the patient and at the same time, try to contact Dr. Good or Dr. Carroll.

It was a demanding job when all eight beds were full, but there was more to do than care for the patients. Today, we live in a throwaway age, but in 1958, a nurse on duty at Haliburton Red Cross Hospital had to sharpen needles and repair gloves when she wasn't administering medication, feeding and washing patients or filling out charts.

Nursing isn't and never was a glamorous job. But for people like Velma Smith, it offers rewards that go far beyond the money.

"There are some very satisfying things that you see happen that compensate for some of the less

appealing, mundane things that have to be done," she says.

When, for example, people are badly injured and brought in for emergency care, even veteran nurse like Velma Smith can be distressed by the pain and suffering. But later, when the person has recovered, she has the satisfaction of knowing that she was there to help when she was needed most.

To do the job well, "you have to be a caring person," she says. And you also have to be able to separate your job from your life outside the hospital.

"The danger is that you become too involved" if you are deeply concerned about people, "which can lead to problems".

"You have to learn to leave your responsibilities at home when you come here (to the hospital), and I think that when you go home, you have to train yourself to leave the things here as well".

"There has to be a balance."

Haliburton's hospital is one of the smallest in the province, but that doesn't mean the nurses who work there have less to do than they would in larger institutions.

In fact, a nurse's job is just about the same everywhere, except that in a place like Haliburton, the nurses do a little bit of everything, instead of being assigned to one ward.

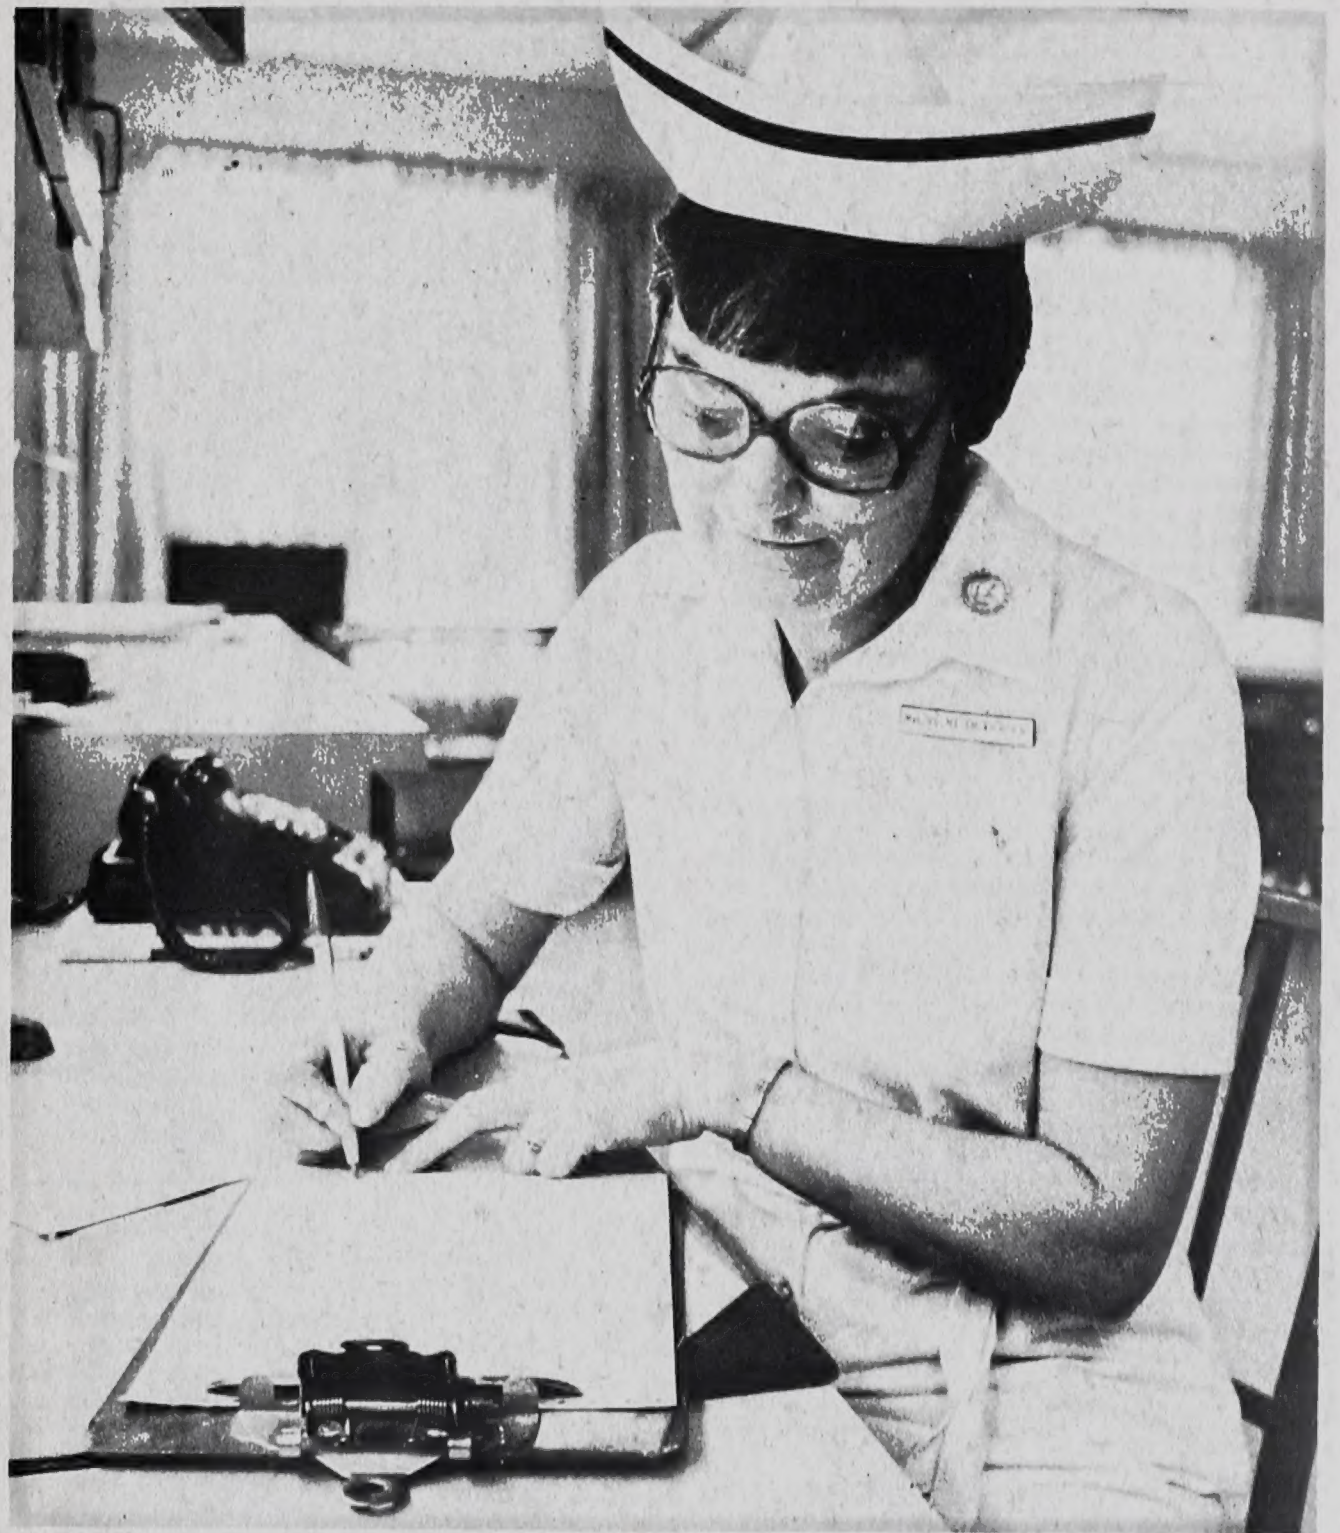

A typical 4 p.m. to midnight shift is begun by taking patients' temperatures and preparing medication. Supper is served, and patients who need help getting out of bed are assisted (a job that takes a strong back Velma Smith says). Medication is then administered, bed patients are washed, and backs are rubbed. During visiting hours the two nurses on shift have time to grab a cup of coffee, then it's time to prepare and serve an evening snack to the patients. That done, patients are made as comfortable as possible for the night, medication is administered, and charts are filled out.

In between, there is always the telephone to answer, since the hospital handles emergency calls. And there are instruments to sterilize, emergencies to deal with, and when necessary, ambulance trips to Peterborough with mothers in labour.

The latter job is one that often falls to Velma Smith even if she's not on duty. Since she lives only a few hundred feet from the hospital, she is the first to get a call when extra help is needed.

In fact, there is a standing joke among medical staff at the hospital that the first step in the event of a disaster is to "call Velma".

From time to time Velma Smith thinks about retiring, but the idea passes quickly. She likes helping people, and she still enjoys the variety that comes with working at Haliburton Red Cross Hospital. Even if she does admit, with a laugh, that "some of it you could do without".

Velma Smith

Dysart to press for local summer OPP detachment

Dysart et al council will ask Ontario's solicitor general to fund an Ontario Provincial Police detachment in Haliburton for the summer. Council agreed to the move after learning that two summer detachments of nine men and seven men will operate in Muskoka District this year.

Councillor Roy Brohm noted that "they're doing it (opening summer de-

tachments) in quite a few places" because of public pressure.

In a resolution to the solicitor general, council stated that if a full summer detachment is rejected, the province should ensure at the very least that two OPP officers are stationed in Haliburton village at all times throughout the tourist season.

COMMENT

EDITORIALS

It's fair

Dysart et al council's decision to pass a comprehensive and forceful by-law governing amusement facilities is a positive one. It will not be welcomed by business people who see the profit potential of electronic games, arcades, but undoubtedly it will find favour with most ratepayers.

In the past few weeks, council has had to balance one businessman's intention to set up an arcade and another businessman's move to open one, against a groundswell of opposition from the community. Now, council has the by-law it needs to deal with the concerns of both sides.

Council has no legal right to ban arcades entirely, although many people might wish the law said otherwise. Council does, however, have the right to license and regulate arcades, and the new by-law gives the municipality the means to do so.

In drafting the by-law, council has gone as far as it can to appease the concerns of local citizens without impinging on the rights of business people. It has set hours of operation, limited access to those 16 years old or over, prohibited students from premises between 9 a.m. and 3:30 p.m., set a \$500 license fee, stipulated fines of between \$200 and \$2000 for contravention of the by-law, and required that arcades be closed on Sundays and statutory holidays.

In short, council has done all it can to control arcades for the benefit of the community as a whole. And in so doing, it has been unfair to no one.

Last gasp

Canadian National Railways appears to be doing all it can to make it tough for area municipalities to take a last leap at saving the Lindsay/Haliburton rail line for an uncertain future. The railway company will begin ripping up the rails in a matter of days unless councils in Haliburton and Victoria Counties agree to purchase the track, ties, equipment and right-of-way. Councils have indicated that they may want to buy the line, but CN has set a price so ridiculous that no council could hope to pay it.

CN's attitude is the final stab in the back to local politicians who fought long and hard against the shortsighted policy of rail line abandonment. It is a sure sign that the company which is owned by the people of Canada, has turned a deaf ear on the people's will.

There is no doubt that the rails and ties have some value as salvage. But the land itself isn't worth a tenth of CN's asking price. And the cost of ripping up the line and taking it away will be high.

One wonders, too, how crews can take heavy machinery onto the section of the line near Kinmount where the infamous 'washout' occurred. If cranes and flatcars can travel the line now without peril, the washout can hardly be as dangerous as CN claimed when it sought the abandonment order.

CN wants the rails and ties as salvage. Local municipalities want the line preserved. There is little reason to doubt which side will get their way.

A good idea

Solicitor general Roy McMurtry should take a long hard look at Dysart et al council's request for a summer OPP detachment in Haliburton Village. If funds can be found to open two summer detachments in Muskoka, they can be found for Haliburton County.

The local OPP detachment is woefully understaffed in the tourist season when the workload rises dramatically. A few extra officers would go a long way toward making the county a safer place this summer.

by LEN PIZZEY

Reader disagrees with editorial

Letters to the Editor

To the Editor:

I find your editorial in the Echo of April 21, 1982, and in which you state, "The question of global disarmament has no place in municipal politics" quite alarming, and one with which I do not agree. The City of Toronto Council had a long discussion last January 28 regarding including the following question on the 1982 ballot. "Do you support the goal of general disarmament and mandate your Government to negotiate and implement with other Governments, the balanced steps that would lead to the earliest possible achievement of this goal?"

On November 10, 1981, the local board of health had before it a communication from Dr. Frank Summer, president, Physicians for Social Responsibility, advising of a conference held December 5, 1981 on "The Medical Consequences of Nuclear weapons and Nuclear war". The conference recommended to the Local Board of Health to adopt this report, and I include some vital facts from that report.

Problem: the build-up of nuclear weapons and the increasing threat of nuclear war. Rear Admiral Eugene Carroll, United States Navy (retired) stated - "During the next decade the United States nuclear arsenal is expected to increase from 30,000 weapons to 40,000 weapons, with the number capable of reaching the USSR - increasing from 12,000 to 20,000." "On the other side the Russian arsenal is said to be expected to increase from 20,000 to 30,000 and the number capable of reaching the U.S.A. increasing from 7,000 to 14,000. These figures serve to point out that the U.S.A. does have more of a nuclear build-up than the USSR."

The conference also pointed out that a one megaton bomb has the explosive power of one million tons of TNT, or a train load of TNT 400 miles long. This is 80 times the size of weapons that devastated Hiroshima and Nagasaki.

The effects of a one megaton bomb exploded over downtown Toronto would be that most most people could be expected to die within 50 square miles (a circle of eight miles across) though if a fire storm were to result, this would be increased to 250 square miles, (a circle of 18 miles across). Of Toronto's 2 1/2 million population, 624,000 would be killed immediately and 795,000 would have severe injuries. Dr.'s and medical help would be among this number; there would be roughly one doctor left for every 1000 survivors.

The Board of Health in its report makes recommendations on the matter of educating children on the question of developing curriculum on nuclear war, and the promotion of peace at

Junior, Intermediate, and Senior school levels, in cooperation with peace and disarmament groups.

These facts point to the need to bring the question of disarmament into the municipal level of government. It will get people thinking and talking disarmament, and peace, and emphasize that each person does have a responsibility for the survival of themselves, and their families, and the world.

In Canada so far, 26 towns and cities have already agreed to hold the referendum on Nuclear disarmament. It is healthy to have questions and discussions begin at the bottom level of governments, and work to the top, rather than stay at the top.

Yours truly,
Mrs. Marge Ferguson
Summer Resident.

To the Editor:

It is with agreement I write regarding your column in the May 5 issue of The Echo. (Article entitled "Council should act to control arcades").

It was also enlightening to read the views of the town council and Nada Vaughan regarding this establishment. It will do nothing for our young people other than put the "fast buck" in the dope peddlers' pockets and earn the proprietor a lot of quarters.

We have no objection to the so-called games being installed where there is presently control over entrants - i.e.: hotels, Legion, etc., but we certainly don't need one on our main street that as time goes on will become less managed and more of a hangout.

We do know of merchants who have had vacant space for rent who have been approached to rent that space for such an enterprise. To their esteem they have refused and to them I tip my hat.

(My understanding is that Linkert Bakery are not connected in any way with this arcade and therefore no offence to them by this letter.)

Don Banks
Haliburton

To the Editor:

Hockey is a great sport and one I have enjoyed watching for several years. Along with lacrosse, it is one of our national games.

I had the pleasure of seeing the Midgets in action for their final game with Langton in the arena at Haliburton, and although they lost the game (the Midgets) I feel they were the better team of the two. The referees were something else. When it came to handing out penalties to the opposing team, in a good many cases their eyes were closed or they chose not to see it - two on one boarding, cross checking, sandwiching at centre ice, dumping the goaltender; all this sort of stuff to players not carrying a puck with no penalties issued. I saw one player #15 of the Midgets taken in to the boards by three of the opposing team while not carrying a puck. This player was taken out of the game and had to have 7 stitches just

A SEPARATE WEST?

People across the four western provinces are calling it the greatest thing since sliced bread - or at least the best new wind of political change since the heydays of the Social Credit Party. The Western Canada Concept party was viewed by many

as the Cinderella sister, but when candidate Gordon Kesler won the Olds-Didsbury riding in a recent byelection, the fairytale became reality.

Federal and provincial entities have dismissed the WCC as that separatist party - the ones who want to break up Confederation, split the west from the rest of Canada. These political figures seem to be secure in their belief that the glue of a confederation reached over 100 years ago is still as strong and binding now as it was back in the beginning.

Wake up, people. Whether you like it or not - or whether you're even willing to admit it - your governments are in big trouble. And the menace is coming from the grassroots level, from a population formerly entranced by your fancy campaign promises and your high profile candidates.

To set the record straight, I'm not advocating the aim of the WCC. I find myself strongly opposed to any political party that will use separating Canada as its platform to ensure the west gets what it wants. This won't be popular with WCC members, who insist they are for independence and not separation.

But their members' coffee break discussion at an organization meeting in Lodgepole Saturday produced some interesting semantics. Answers to questions were being prefaced with phrases like "if the west separates ... when we decide we're going it alone ... when we separate." This is, in my book anyway, the ultimate in thinking independently, all right.

The meeting in Lodgepole attracted 70 people to that small community and I counted at least five others than myself who made the trip from Drayton Valley to the session. Whatever else you can say about the WCC, there are a few things that you'd have to admit are appealing to the average voter.

Their speakers were down-to-earth sorts who dealt with the problems their predominantly oil and farm industry audience could relate to. They impressed the point over and over again that they are one of the people, and not interested in becoming part of the red tape governments who are causing all our troubles.

Even their hall decorations and WCC literature had the flavor of down-home. Newspaper cuttings dealing with everything from grain sales and capital punishment, to sales of shut-in oil and the Crow rate were painstakingly put on the gym walls prior to the meeting. A felt pen, hand-lettered sign proclaimed "People Power" from the podium.

The literature was, for the most part, photocopied eight-by-ten sheets of typed paper. There were no high gloss brochures advancing party policies, and no blue and orange campaign promotional banners draped across the hall.

If a meeting in Lodgepole can attract 70 people, it will be interesting to see what the future session planned for Drayton Valley will do. If the hometown flames can be fanned, we could have a real battle in our next provincial election.

The Western Review,
Drayton Valley, Alberta

LET IT BE KNOWN

Far too many people in this country are passive. Passive, meaning they're all mouth but that's where it ends.

Lately, as over the last two years, the long diatribe on the metric conversion has warbled on unceasingly.

Public meetings have been held to show government officials the strength of protest. These have been the poorest showings of all. For all the apparent discrimination, obstruction of justice and what have you, the turn-outs have been miserably small.

Most Canadians, who are up on their constitutional law, realize they have the right to free speech. In the confines of their home and with their friends in a bar or at work, their speeches come freely. In the average Canadian, the determination to further that free speech is limited when it appears a crowd of listeners is gathering. Being passive in public is what the average Canadian does best.

Don't sit back and criticize the system year after year without letting your feelings be known. If you feel the conversion was forced upon you, and it's unfair, then get your priorities straight. Make your protest known to your member of parliament; help organize a protest group, or better still, pick up the gauntlet in the next election and base your platform on banishing the metric system once and for all.

But like the passive Canadian you are, you'll probably just sit back and tolerate it all. So, in that light, just tell your friends at the office or at the bar where you've uttered political speeches before, that you just don't want to get involved and the system really isn't that bad after all.

A full democracy depends on full participation by the citizens. It can't work any other way.

below his collar bone, and pulled legiments in his knee.

Where has the game gone when players resort to these gang-up attacks? This injury could have been worse, even to the point of permanent injury. This player #15 is walking with crutches today. I saw only one - two minute penalty handed out on this altercation. Where I felt there should have been three penalties. Who were these refs? Where did or do they come from?? It matters little. The job they did was something they certainly shouldn't feel at all proud of.

Sincerely,
Maurice Emmerson
RR2 Haliburton

To the Editor:

Your excellent Editorial of April 14, "Left Out" should, by now, have stirred the local taxpayers who desire more than the available generally uninspiring TV programming.

That the TV Ontario channels is a network for Ontario residents and paid for by provincial taxpayers makes one wonder just what the provincial government considers, or does not consider, when deciding where should be reception of cultural and educational programming.

Are we "Left Out", as you suggest, or were we not even among those considered for inclusion?

Do the decision-makers suggest by neglecting our area that we are so remote that educational and cultural programmes would be wasted on us?

Surely the Ontario government is aware of our existence - we pay taxes, too, and they can readily locate us if we should neglect to do so.

Perhaps those who felt discriminated against when the one, essential classical music station had its license suspended, and who rallied to the support of CFMX, would be interested in promoting the availability of cultural and educational programming for our area in the TV medium. It was good to see a letter so strongly favouring local action.

Yours sincerely,
Jean A. Frazer
Gooderham, Ontario

M Mutual Life of Canada

recreation committee of Anson, Hindon and Minden are continuing to improve an old dump site in Ingoldsby.

A few local residents began the project basically on their own. They worked nights to clear an area for a baseball field and only through their willingness to give freely of their own time, many people were given the chance to play softball in the small community.

Now, after the winter the project will continue. A children's playground will be created, next to the baseball diamond in what was formerly the municipal brush dump. Through the municipality, three students will be employed at the playground and monies have been granted by the recreation committee and from the provincial government.

When completed, probably this fall, the playground and the softball diamond will be a meeting place for many members of the community, cottagers and permanent residents alike.

Through the past year, it has been interesting to watch the project unfold. So far, the most intriguing aspect of the project is that many people who have donated their time are not members of the community at all. In fact some live miles away and travel to the community only to play softball, while others volunteer their time to help operate the committee.

Yet, these same people are among the most dedicated. They're always present when the work must be completed. Since these have become a part of the community, Ingoldsby Park has benefitted. If this spirit of cooperation continues to exist, there should be no difficulty reaching the goal.

New tourism ministry a timely step

Queen's Park Report

by John Eakins, MPP

This week in the Legislature I spoke for my colleagues in the debate to establish the new Ministry of Tourism and Recreation. Since my election in 1975, I have worked to have a separate Ministry of Tourism, because it has always been obvious to me that tourism was of secondary consideration in the combined Ministry of Industry and Tourism. Both are now separate and different ministries, and I am delighted that the government has accepted our Tourism Task Force recommendation and brought this about.

I fully support the new Minister and I have urged Mr. Baetz to assume a leadership role and give tourism a high profile. Too few people know that it is our second largest industry in Ontario, and represents \$9 billion to the economy of this province.

It is a move long overdue. The Minister has an opportunity to make sure that this industry is not restricted by the considerations of other ministries. The time has come for a fresh approach, and for the cooperation of all ministries on behalf of the tourism and vacation interests of Ontario.

I look forward to my role as a constructive Opposition spokesman.

Pension Reform

Liberal Leader David Peterson has suggested that the Ontario Government is a major stumbling block to pension reform in Canada, because it has failed to guarantee a decent income for thousands of poor single seniors, and has refused to withdraw its veto on one national reform - a provision which would permit women to stop work for several years to raise a family without taking a cut in pension benefits. If the reform were implemented, it would increase by some 22 per cent the pension income of women who have dropped out of the labour market for a short time, and "those are some of the people in our society that need that help the most." The Opposition has also urged the Premier to indicate when the province intends to respond to its own all-party Select Committee which recommended earlier this

year that benefits for single seniors be raised to 60 per cent of the rate for couples.

Alsands Project

In an effort to save disintegrating Alsands project, Alberta's Premier was in Toronto recently to meet with potential investors and to brief the Premier of Ontario on the question. David Peterson told the Premier in the Legislature that Ontario should volunteer to assist in saving the project, arguing that the province could sell its recently acquired \$650 million interest in Suncor Inc. and put that money into Alsands.

Sunday Openings

The Solicitor General has informed the Legislature that the Attorney General has sent to Ontario's Crown Attorneys a directive that stiff fines should be sought for stores violating Sunday closing laws. The smaller fines imposed in the past by courts have been described as actually encouraging stores to flout the law.

OHIP Premiums and Doctors' Walkouts

If fee increases for doctors are to be covered entirely by OHIP premiums, these will go up about \$5 a month for individuals and about \$10 for families, according to the Premier, who has not ruled out the possibility that this will be the case. In connection with the doctors' walkouts, the president of the 65,000 member Ontario Public Service Employees Union has claimed that the success of the walkouts or strikes has made a farce of legislation forbidding government and hospital workers to strike.

Big Fish Contest underway

The 24th annual "Molson" Big Fish Contest, operated by the Ontario Federation of Anglers and Hunters, is underway with a total prize list valued at approximately \$35,000.

Some \$500 will be awarded in each of the ten categories: lake, rainbow, and speckled trout; largemouth and smallmouth bass; coho and chinook salmon; northern pike; walleye; and maskinonge. The top entrant in each category will receive a 4.5 h.p. Evinrude outboard motor, as well as their \$150 cash prize.

Any first place fish which breaks an existing contest record will earn its captor a 60 h.p. Evinrude, instead of the 4.5.

All entries over minimum standards earn prints of a maskinonge painted by renowned Canadian wildlife artist, Michael Dumas. Over 1,000 Dumas speckled trout prints were presented during 1981.

The minimum weight requirements are: Largemouth Bass - 5 pounds; Smallmouth Bass - 4 pounds; Northern Pike - 15 pounds; Maskinonge - 20 pounds; Walleye - 8 pounds; Lake Trout - 15 pounds; Rainbow Trout - 6 pounds; Speckled Trout - 3 pounds; Coho Salmon - 12 pounds; Chinook Salmon - 20 pounds.

Minor league ready to play

Haliburton Minor Softball League held their first meeting last week to elect new officers for the coming ball season.

Re-elected as president was Nancy Brink, vice-president, Pat Cowen, secretary - treasurer, Walt Prime, and general managing department Bill Hartin with publicity handled by Ruth Lewis.

The regular season will start on Wednesday, May 19 at the Senior Elementary

School for children from 4-12 years and children from 13-up will play at the regular ball diamond at the arena at 7 p.m.

There will also be a meeting for coaches and helpers on Tuesday, May 18 at 7:30 p.m. at the Senior Elementary School to hand out necessary equipment to all coaches.

Any parents wishing to help coach should contact Nancy Brink at 457-2222 or Walt Prime at 457-2751.

HHSS takes eleventh title

Second place team 490 points behind Haliburton

Triple victories by Margie Newton (Senior Girls), Greg Pearson (Midget Boys) and Scott Rae (Junior Boys) led the HHSS track and field team to their eleventh straight Kawartha West titles by a margin of 490 points over runner-up Fenelon Falls. Lindsay CVI was a close third with I.E. Weldon trailing.

Others qualifying in three events were Lorie Valentine and Heidi Tashlin (Midget Girls), Eileen Henderson (Junior Girls), Shaun Symonds, Rob McLeod and Don Meharrie (Midget Boys), Mike Hatkoski, Tim Davies and Terry Allore (Senior Boys).

Following is a list of all qualifiers for the Kawartha Championships to be held at Trent University on Thursday, May 13.

MIDGET GIRLS

200 M - Heidi Tashlin (3rd) 30.4; 400 M - Heidi Tashlin (2nd) 1:11.2; 800 M - Terri Holm (2nd) 3:01.1; 3000 M - Cindy Roodenburg (3rd) 15:41.0; 80 M Hurdles - Heidi Tashlin (2nd) 15.5; Long Jump - Lorie Valentine (1st) 4.34; Jenny Rendall (3rd) 4.23; High Jump - Lorie Valentine (3rd) 1.27; Shot Put - Marilyn Walker (1st) 8.45; Miriam Smith (2nd) 8.15; Michelle Purnell (3rd) 7.72; Discus - Miriam Smith (1st) 21.48; Susan Ballantyne (3rd) 17.17; Javelin - Lorie Valentine (2nd) 19.93; 400 Relay - Lorie Valentine, Terri Holm, Rhonda Wilson, Heidi Tashlin (3rd) 60.1.

JUNIOR BOYS

400 M - Marla MacNaull (1st) 1:06.6; 1500 M - Sandi Walker (3rd) 6:22.0; 3000 M - Sharon Gilligan (2nd) 15:08.1; Kathy Walsh (3rd) 15:30.0; 80 M Hurdles - Tara Davies (2nd) 15.8; 400 M Hurdles - Karen Gillespie (2nd) 1:24.7; Louise Newton (3rd) 1:32.4; Long Jump - Veronica Jordan (3rd) 4.53; High Jump - Tracey Wilson (3rd) 1.37; Shot Put - Karen Miller (2nd) 8.76; Discus - Sandi Walker (1st) 22.97; 400 M Relay - Wendy Ballantyne, Suzy Brown, Lisa Malott, Lisa Jones (3rd) 60.0.

SENIOR GIRLS

200 M - Janice Emmerson (3rd) 35.5; 400 M - Margie Newton (1st) 1:13.1; Eileen Henderson (2nd) 1:15.4; 800 M - Eileen Henderson (3rd); 1500 M - Beth Cooper (3rd) 6:39.3; 3000 M - Beth Cooper (3rd) 15:08.5; 100 M Hurdles - Wendy Sicard (1st) 20.3; Janice Emmerson (2nd) 23.8; 400 M Hurdles - Eileen Henderson (1st) 1:23.5 - Record; Long Jump - Margie Newton (1st) 4.56; High Jump - Margie Newton (1st) 1.53;

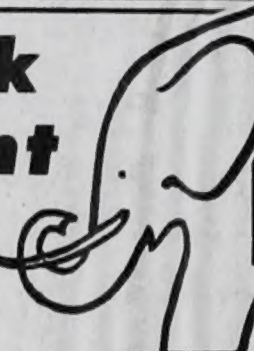

Shot Put - Jackie Miller (2nd) 9.58; Discus - Bethany Wood (2nd) 23.90; Jackie Miller (3rd) 22.90; Javelin - Pam Iles (3rd) 22.52; 400 M Relay - Pam Iles, Wendy Sicard, Janice Emmerson, Bethany Wood (3rd) 60.5; 1600 M Relay - Margie Newton, Karen Gillespie, Eileen Henderson, Marla MacNaull (2nd) 4:51.0.

MIDGET BOYS

100 M - Don Meharrie (3rd) 13.1; 200 M - Jeff Graham (2nd) 29.2; Don Meharrie (3rd) 29.6; 400 M - Rob McLeod (1st) 1:04.0; Don Meharrie (2nd) 1:07.4; Trevor Powers (3rd) 1:08.1; 800 M - Doug Schell (1st) 2:21.4; Paul Aggett (3rd) 3:38.3; 1500 M - Paul Aggett (2nd) 5:14.1; Dave McKay (3rd) 5:16.1; 3000 M - Paul Milne (2nd) 11:53.0; 100 M Hurdles - Greg Pearson (1st) 17.0; Trevor Powers (2nd) 18.5; Rob McLeod (3rd) 18.7; 400 M Hurdles - Rob McLeod (1st) 1:10; Kevin Smith (2nd) 1:16; Greg Newell (3rd) 1:17; Long Jump - Greg Pearson (1st) 5.24; Chris LaPorte (3rd) 4.54; Triple Jump - Greg Pearson (1st) 10.93; Shaun Symonds (3rd) 10.54; High Jump - Shaun Symonds (1st) 1.64; Paul Walker (2nd) 1.57; Scott Milburn (3rd) 1.70; Pole Vault - Drew Please turn to Page 7

The senior girls floor hockey team from Haliburton Highlands Senior Elementary School placed second in the White Haven floor hockey tournament. The team played well, but lost to Agincourt in an overtime period. Senior girls given special recognition for their fine play were Rhonda Walsh, Tracey Harrison, Melissa Creelman and Michelle Harrison. Members of the runner-up team were, front row, left to right, Tracy Harrison, Lynda Pockett, Renee Curry, Rhonda Walsh, Lisa Williams, Judy Finlay, back row, Melanie Sisson, Michelle Parish, Michelle Harrison, Lisa Sisson, Melissa Creelman, Mr. Scott. Absent, Karen Cook, Miriam Smith.

Basketball teams compete

Submitted

Two basketball teams from Haliburton Highland Sr. Elementary School, along with two teams from Archie Stouffer Public School, travelled to Mariposa Elementary School in Oakwood last Friday to participate in an invitational basketball tournament.

The Haliburton boys' team was once again successful in

winning the championship trophy. The boys first met Mariposa and won handily, 15 to 7. Following this game the Haliburton girls played the Mariposa girls, losing 20 to 16.

The Mariposa boys then played the Minden boys, again down in defeat. The Mariposa defeat resulted in a final game between Minden and Haliburton for the

championship trophy. The Haliburton boys won the game with 17-16; taking the trophy for a second consecutive year.

After losing to Mariposa the Haliburton girls defeated Minden 20-6 and ended up in the championship game against Mariposa. Haliburton lost to Mariposa in the championship game 24-4 although they played hard.

The HHSES boys basketball team brought home the trophy after battling tough competition last Friday. Members of the winning team were, front row, left to right, Kevin Barry, Mark Miscio, Darryl Goodall, John Burton, Tran LaRue, back row, Mr. R. Hoare, Ian Cooper, Cory McKnight, Ron MacDonald, Michael Blake, Michael MacNaull, Mr. N. Pawluch.

Galway/Cavendish regular council

At the most recent meeting of Galway/Cavendish township council, the following matters were considered:

Jean MacLellan declared a conflict of interest on the discussion regarding "commercial taxation" within the Township and removed herself from the position of Deputy Reeve. Mrs. MacLellan owns a commercial establishment in the Cavendish area and felt that she might in some way benefit from any action taken on this subject.

Steve Brickman presented a brief to all ratepayers present regarding commercial taxation factors and an analysis of other municipalities in Peterborough County. A discussion took place between council and those present regarding the data presented and it was generally agreed that the analysis of commercial taxation in relation to other municipalities and fair market value, fairly represented the current situation.

Gary Weitzel attended the meeting to discuss the 66 foot shoreline road allowance committee pertaining to the requirements and re-

strictions that must be adhered to.

Hugh MacLellan presented the 1982 Peterborough County School Board requisition and gave a brief explanation of the supporting rationale to support the increase levy to Galway Cavendish over 1981 of \$51,092 or 13.77 per cent.

Robert Plug provided the required explanation and clarification for the building permit application that he had submitted to cover removal and reconstruction of deck and shelter facilities.

A building permit was issued to Baldwin's Bay Marina, covering the demolition and reconstruction of a deck and shelter.

Roads Voucher for April in the amount of \$18,357.59, was approved for payment.

General Voucher for April in the amount of \$12,834.08, was approved for payment.

Welfare Voucher for April in the amount of \$371.50, was approved for payment.

Minutes of the Cavendish Platoon for the Galway Cavendish Volunteer Fire Department meeting of April 5, 1982, were received as amended.

Mel Graham and Marty

Thurston attended the meeting to discuss their plans to open a quarry at the old limestone hill Lots 14 and 15, Concession A; Lots 1, 2 and pt. lot 3, Conc. 6 Galway on Highway 649. They were advised that council supported the proposal in principle and that an agreement to cover

the operation and rezoning of the property would be required, before a building permit could be issued.

Minutes of Galway Cavendish Culture and Recreation Committee meeting of April 20, 1982 were accepted.

The report from the Health and Sanitation committee

was accepted.

Severance B-29-82 (Joan Hewitt, Conc. 4, lot 22 Cavendish) was supported as it is an addition to an existing lot and both the retained and severed lots will conform to the North Kawartha Official Plan and Zoning By-law 78-43.

New centre to be explained

by Susan Clements

There will be an information seminar on May 28, to explain the services offered by the newly established Haliburton County Information Centre. This meeting is open to all residents in the county, and will be held at the PineStone Inn from 10:30 a.m. to 2 p.m.

Haliburton County Information Centre refers callers and drop-ins to the appropriate resources in the fields of health, education, social services, and recreation. The caller is provided with as full a range of choices as possible, and the caller is free to determine his/her course of action. In addition, the centre supplies, within its capabilities, information in the four fields. The service is available to all residents in Haliburton County, and it is a free and confidential service. Cardiff and Dorset area residents may call collect. Typical inquiries may include: I wish to talk to someone about my personal problems. Where can I go for help? When is the Rotary Winter Carnival being held? I have lost my job. Where can I apply for unemployment benefits? My child stutters. Is there anything I can do?

The inquiries will be handled by trained volunteers under the supervision of one staff. The centre wel-

comes volunteers to act as telephone information officers. The training sessions will be held on June 4, 14, and 21. Those interested in volunteering are asked to call the centre at 457-2941.

The centre is administered by Haliburton County Home Support Services. A year ago, a local committee, de-

signed to plan and coordinate services for children, identified the need for a central place to dispense information on Haliburton County resources. In response to that, home support applied and received funds from the federal government to establish such a service.

The speakers at the meet-

ing will explain how to make a referral to the centre, and the scope of assistance provided by the centre to residents, service providers, and community volunteers. If you plan to attend, the centre would like you to contact them by May 21, at the previously mentioned number.

Senior League

by Bert Harrison

As I start to write this letter, it is a lovely sunny day, but we need a shower to start to grow the hay. Yes, a good warm shower would start to make them hum - even the frogs are yelling for more rum.

We had service in the chapel Sunday night. Rev. Burgess spoke on Paul who said I have fought a good fight, I have finished my course, I have kept the faith. Mrs. Hudson played for the singing. It was a nice service. Thank you both for coming.

We watched two movies Monday night. I thought they were grand, especially when the saints came marching out of the living worldlands.

Tuesday morning Rev. George Elliott of Minden

Anglican Church held a real nice communion service in the chapel here. Mrs. Taylor came to play. We thank you both for coming on this lovely May day.

Tuesday night Kathy Owens came with her accordion, and Earl Cooper came and brought along his son. They played some real toe-tapping tunes on guitar and violin, which was really grand. Then Kathy played and we sang some good old hymns. "When the Roll is called up yonder", and "Buciah Land".

Most of our friends are back from the South, and more on their way. These lovely sunny days, we kids get out to play.

Doris took a bus load to

give us some fresh air - some could walk right onto the bus, others in wheel chairs.

Ted Carr is making flower carts, using clothes pins. It makes him fume and fuss. He says it's getting on his nerves, and its teaching him to cuss.

The ladies from the Gospel Church in West Guilford brought in a lovely lunch and served it so nicely on this nice day in May. Mary Oliver thanked them very nicely. I say "Thanks" some more. I square danced with one of them, back in days of yore.

The bingo was put on Thursday night by Mr. and Mrs. Don Nye, of the Kinsman Club, who used to own the Wagon Wheel, and lived right in the hub.

It's good to have Nurse Fairfield back again after surgery. We always like her cute little smile and isn't that what makes life worthwhile.

Millie Wood and Ida Schell have birthdays on Monday the tenth of May. We hope they have a real nice day.

The Windsors and Muriel Hewitt came to our sing-song today. They always arrive home from the south in the early part of May.

Mrs. Coburn and Fred Ballard came this Friday afternoon, Fred to play the music, and Grace to call the tunes. She read a humorous story about the "Cookie Jar". Grace just lives across the way, but I think Fred comes by car.

Children's art honoured

from page 1

Scholarships were donated by the Eagle Lake Women, Curry Motors Ltd., Haliburton Lumber, Black's Hardware, Dr. Harry Good, Minden Kinette Club, John Beachli Construction, Haliburton Rotary Club, Haliburton and District Real Estate Board, Dawson, Gray, Dart, Ed Youngdale and Company, Bob and Jane Heyes, Dr. and Mrs. Jeffrey Lodenquai, Haliburton Women Teachers Association, Doug Devolin, Ruth Gorrle, and the staff of Victoria Street School.

The Guild of Fine Arts also received donations toward a framing program that will allow children's art work to be displayed in prominent locations throughout the community.

Those contributing to the program include: Murray Fearrey, Eagle Lake Women, Dr. Harry Good, Haliburton Rotary Club, Dawson, Gray, Dart, Dr. and Mrs. Jeffrey

Lodenquai, and the Haliburton Family Medical Centre.

Music for the opening of the children's art show was provided by Tracey Popple, piano; Lianne Scheffee, piano; Anita Kuno, flute; Paul Robinson, piano; Cameron Dixon, piano; Lisa Miller, piano; and Eric O'Brien, piccolo.

Dorothy Kinsman, vice president of the Guild, presented the scholarships, after which refreshments prepared by Marion Lodenquai were served.

The show will continue to May 29. Admission is free. Gallery hours are Tuesday through Saturday, 11 a.m. to 5 p.m.; and Sunday, 1 p.m. to 5 p.m.

Happy Gang News

by Watson Anderson

This is our (and no doubt everyone's) favourite time of year, the time after being cooped in this building through a very steady winter with nothing to see through windows but banks of snow. Now we have good prospects of a very nice display of many different varieties of flowers.

Any residents who are too weak or ill to be up can go into the outside on foot or a wheel chair and get a lift of spirits.

Melissa Stevens arrived to conduct choir practice but found it more desirable to entertain the choir by playing a quite long succession of hymns or spirituals on the piano. This appeals to the gang very much. They sing along with melodies just like it were a concert, and we believe we have some very nice voices in our choir.

We are very pleased to report that Flossie Burk is back but not walking we are sorry to say. Flossie in her own right as a teacher and church organist is held in very high esteem by most of the senior citizens in the county.

In the afternoon Charlie Stormer had his group of apprentice carpenters eagerly waiting to get down to work making more sturdy magazine racks. Charlie excels in patience and is a stickler for detail. Everything must be done to his standards or it will not do and that is what is appreciated most by the apprentices in his charge.

June Devolin was here in the morning to conduct the bible study and by the request of several of us chose to study the scriptures deal-

ing with Christ's second coming and referred us to Matthew Ch. 24, a very interesting prophesy.

Betty Wise and Helen Archer were the bingo helpers in the afternoon with Ivy Shaw supervising and Ray Smith calling. Amusing coincidences occur. Say for instance a player wins an apple and starts munching and when finished wins another apple and so on for a count of five apples. No other game has such possibilities and scope.

In the evening those two musically talented ladies Nancy Picard and Peggy Neville made their entry to give us a lovely medley of folksy songs. These ladies have a yen to help us residents of extendercare nursing home in Haliburton by bringing to us the cheer of

their duets, singing with piano accompaniment.

Our seeding is finished and it only remains to nurture these seedlings until it is time to put them in their beds - June 1 or later. Muriel Covert, Vivian Bowen, Maude Weston and Vera Griffin with Ivy Shaw's help set out to make a lovely egg salad and to make a batch of salmon sandwiches for a party that is coming up but no details are out yet. This whole enterprise could not be finished without some of it being laid over for finishing in the afternoon.

This was another day when many of us were scheduled to be driven to Locarno on the Lake - Gwen and Les Hughes took Jack Pollard and John Sissons, Doug Sealey took Hazel Parish and Edgar

Babies need toy box variety

by CATHARINE CLARK
Infant Development Consultant

Babies can learn from dolls and trucks alone but what they really need is variety in their toy box. Toys to manipulate, toys to mouth, toys to lift, fit together, pull apart, stand on, throw, open and close. Toys for experimenting!

In order to buy enough toys to satisfy a child's insatiable curiosity about different objects, you would have to be a millionaire with unlimited storage space. The answer, happily, lies in lending him a wide range of ordinary household objects to supplement his toy box.

There are a few rules that will help you to play with the baby: 1. Give the child only a few toys at a time. If he loses interest in a particular toy,

put it away and offer it again in a few weeks. By then he may have learned new skills that will make it seem like a new toy. 2. Let him play with the toy for as long as he wants it, and it's safe. 3. Try to match games and toys to his developmental level. 4. Babies need a balance of play with people, play with toys alone and play with both people and toys. Pay attention to your baby's moods. Understimulation is a lot more common than overstimulation. You won't overstimulate the baby if you're on the lookout for signals from him that he's had enough. Respect his mood and try again another time. 5. One rule of thumb: if it isn't fun for both of you, forget it.

Favourite toys from around the House
Plastic measuring cups and spoons that nest inside each other. Bowls that fit

inside each other are fascinating and can be used for peek-a-boo with another toy, or just putting in and dumping out. Plastic cups, spoons, plates and coasters. Tin or foil pie plates to bang together, wooden spoons of various sizes, pots and pans are an old favourite, empty dishsoap squeeze bottles, strainers or colanders, especially in the tub or pool, plastic jars with lids, small boxes with or without lids, every possible kind of ball

(ping pong, tennis, orange, wool), egg cartons to stack into a tower or to sort small toys into the twelve holes.

Rummage through your cupboards for other "toys" that you've been hiding in the kitchen. Remember safety. A baby will suck everything, and things that are safe when whole can become dangerous when broken. Yogurt containers, for instance, are sharp when torn, so check baby's toys frequently.

DISTRICT NEWS

Gooderham News

by Mary Hadley

Congratulations to Jason Billings who won an art scholarship which was presented last Friday at Rails' End Gallery by the Guild of Fine Arts. This entitles Jason to take a week's instruction in art this summer given at the Guild. Jason's work, as well as that of other Gooderham students, was on display at the Rails' End.

Pearl and Albert Cary were pleasantly surprised recently to receive a phone call from Norman Switzer, who lives in Winnipeg. A brief visit in this way was much enjoyed.

Sympathy of our community is extended to Emile Matthieu whose little 8 year

old niece was fatally injured when struck by a car.

Congratulations to David MacDuff who celebrated his 90th birthday last Saturday at an open house at his home. Best wishes for continued health and happiness.

Cecil Glover, country gospel singer and evangelist, will be special guest for a week of services in the Pentecostal Church. On May 16, following Sunday School, the morning service will be held at 11:30 a.m. at the Community Centre. This will be followed by a pot luck luncheon to which all are welcome. The evening service will commence at seven. From Monday to Thursday

evangelical meetings with special music will be held in the church starting at seven. Country gospel records and tapes will be available.

The ladies' softball team are organizing practices held each Monday from 5:30 - 6:30 and each Wednesday from 7-8 p.m. All ladies from age 15 and up who are interested in this sport are invited to come out to practice. This group sponsored a car wash at the fire hall last Sunday with the proceeds going to their organization.

Barbara Beatty, Toronto, visited her aunt, Dorothy Robertson, last week. Barbara has just graduated as a full-fledged veterinarian. We

wish her happy and fulfilling years ahead.

Mrs. Cheesman of Oshawa spent a week at the home of her daughter and son-in-law, Sandra and Dale Dovel.

Students from York University with their professor stayed at Barr's cottage last week while they were testing electronic equipment at the common testing ground near Salmon Lake. This location is ideally suited for use by several groups while being trained to use their equipment.

The Gooderham news may be postponed for the next few weeks since I am holidaying in Milton with my sisters.

Guilford Pulse Beat

by Bill Wood

Hello again folks! Another glorious week has passed and this roving reporter has more news from the Guilford area for you.

The May meeting for the Fort Irwin Residents Association, was held at the home of Glen and Shirley Hodgson, on Tuesday, May 4. President Joan Filman showed members attending the meeting, the blueprints for the Association's new senior citizens club house. Future plans for the club house were discussed pertaining to its use and functions. These plans include holding the bi-monthly euchre games there as well as some of their craft workshops. Weather permitting, construction of the club house will begin this week by the men of the Fort Irwin Residents Association. In conjunction with this enterprise the group are asking all people in the area to save all Canada Packers product labels and packages. These labels and packages are

turned into the Canada Packer Company for articles the club house may need. Give your Canada Packer labels to any of the F.I.R.A. ladies or this local reporter at any of the local flea markets. Craft Day for the F.I.R.A. group is scheduled for Wednesday, May 12 at the home of Alma Barjarow. A euchre party is to be held at Alma's on the 19th at 8 p.m. \$1.00 per person and the euchre club is looking for "New Blood".

An interesting letter was read from Cheri Bruce, the area's exchange student in Brazil. Cheri will be returning from Brazil in June and will be making future plans for advanced education at University level.

Local area couples back from points south are as follows: Louise and Bruce Adair, Marg and Tom Fisher, Phyllis and Harold Heinze, Marg and Clarence Milne, Dorothy and Frank Palmer, and Nora and Jack Summers. Welcome back to the area, friends.

Phyllis Heinze and Marg Milne brought back many great craft ideas from their holidays, that the association will be working on to display in the local flea market sales. Various members at the F.I.R.A. meeting gladly accepted materials to make craft items and hand-knits for their next sale.

A hand-made pine doll cradle, that any little girl would cherish forever, was donated to the association by Shirley and Glen Hodgson. A baby doll with hand-made outfits will be raffled off, along with the cradle at a later date which I will post in a future column. Anyone in

the area interested in making slip-covers for Evelyn Robertson please call Evelyn at 754-2062. Many thanks to Evelyn for all the above news of the Haliburton Lake area.

A bridal shower was held for Miss Beverly Mawbey, Tuesday, May 4, at the West Guilford Recreation Centre. Participating in the party were many area personalities including the West Guilford ladies soft ball team. The bride-to-be received many beautiful gifts including a cast iron cooking set, glassware, blankets, etc. Beverly will be married to Kevin Sisson on Saturday, May 22. Kevin had better "Toe the mark" with Bev; I hear she has a terrific pitching arm and I would hate to see the damage that the cast-iron cooking set would do to his head. Best wishes to you both, Kevin and Bev.

Only two ladies have signed up for the euchre club we are trying to form in

the area. Merrie Barry and Gail Teasdale have notified me that they are ready to take on all comers. Come on, guys and gals. Accept the challenge. Call me at 754-2854 if you are interested in joining the club.

I still have a few tables left for the Canada Day flea market, scheduled for July 1. Contact me soon to book your table before they are all taken.

A tip of the "Good Neighbour" hat to the honest individuals who visited the flea barn last Thursday. An emergency called us away and in our hurry, we neglected to lock the barn. On returning home, we found money left behind the screen door, and merchandise stacked outside, which was picked up later. It's nice to know that there are still good and honest neighbours left in the area. Thank you again, folks!

Please turn to Page 14

Kinmount Korner

by Millie Moss

A fireworks display sponsored by the Burnt River Recreation Association will be held Sunday, May 23 at 9 p.m. at the Burnt River Recreation Park in Burnt River. A silver collection will be taken to help defray cost of the fireworks and it is hoped many of you will come out and enjoy the company and friends and the festivities.

Mr. and Mrs. Gordon Taylor of Norland recently enjoyed two weeks holiday visiting relatives at Bruce Mines, Ontario.

Roni Brelsford of Kinmount has now taken over the operations of the Bobcaygeon Upholstery and we wish Roni many happy and prosperous years in her new establishment.

We enjoyed the company of Jason Moss on the weekend, and of his mom, Lorrie, Sunday evening.

Helen and Alex Graham were dinner guests of Mary L. and John Pyke in Norland last Sunday.

Results of the St. James euchre party, Tuesday, May 4: men's high: Dave McNamara; men's low: Hugh Phillips; ladies' high: Ann Cain; ladies' low: Vivian Anderson; most lone hands after a draw of eight cards

was Ruby Schell. There were eight tables of players.

The spring festival of the arts, this year featuring "The arts, old and new" will begin at 1:30 p.m. until possibly the evening and will be held at the Kinmount Community Hall, Friday, June 4, 1982. Every one of you is cordially invited to bring your hand made items to the hall by 10 a.m. the same morning, in order to get them all set up. We're hoping for a nice turn out so please do what you can to help and enjoy your friends and the day. There will be no admittance charge, just come and look at the handwork both from the past and to the present. We even expect some of our citizens to be there working on their individual talents. All sewing, crochet and knit work, needlepoint, petit point, metal and wood work, leather, ceramics, pottery, cork, flower displays in dry, silk or whatever. All are invited to show off our talents and we do have lots of it in our area. If you know of someone who would like to exhibit any article so long as it was handcrafted by themselves or from long ago, please do invite them. You could give me a call at 488-2399 or Joan

Hyams at 488-2032 if you wish further information.

Our sympathy goes out to Dorothy, Jim and Bob, all other family and the many friends of which we are proud to have been included, upon the sudden passing of Eddie Brown at his home, RR1, Norland. Eddie was an electrician for many years in the surrounding area and was highly regarded by all who knew him, as a friendly, happy family man. Eddie will be sorely missed.

A retirement party was celebrated at the Kinvale Restaurant in Kinmount, Friday evening, May 7, in honour of Jim Nightingale who recently "hung up his hat" after his service with the Galway Fire Department. Some 20 to 25 well wishers attended the festivities, which was a complete surprise to Jim. His wife, in order to get him there, told him it was some sort of a council "do" and then, I'm told Jim wanted to "sit at the back". Anyway all's well that ends well and everyone enjoyed the evening. Jim was presented with a lovely plaque, a fireman's jacket and because he was the only one who knew how to fix it anyway, an antique fire-pump. Jim seemed very

taken with the pump and the attention received. May you enjoy your retirement Jim. See you at bingo.

I was happy to hear there's a possibility that Bob Allen may be home Sunday, (Mothers' Day) after his serious accident this past winter.

Happy birthday to Ken Hyams, Saturday, May 8 and to Peter Cruickshanks, Friday, May 7.

Isn't it nice to hear the birds and see the flowers and buds coming back again?

I wished all you moms a happy Mothers' Day in my last column and even included a little verse for you but it seems a pair of scissors cut it out. Anyway, here's hoping all of you enjoyed your special day.

That same pair of scissors Please turn to Page 12

**ARE YOU ABOUT
TO RENEW THE
MORTGAGE ON
YOUR HOME?**

If so, you may qualify for a grant or a deferral on your interest payments through the Canada Mortgage Renewal Plan which has now been approved by Parliament.

☒ Check if you are eligible under the Canada Mortgage Renewal Plan.

☐ Yes, I am a permanent resident in my own home and my mortgage has or will be renewed during the period September 1, 1981 to November 12, 1982.

☐ Yes, after renewing my mortgage(s), I calculate that I will be spending more than thirty per cent of our total household pre-tax income on the payment of mortgage principal, interest and taxes (plus 50% of condominium fees, if applicable).

If you have checked ☒ "Yes" to both the above qualifications, you may be eligible for one of the following elements of the Plan:

1. **Grant** — If you have less than 5% equity in your home you may be eligible for a grant up to \$3,000 for one year.

2. **Interest Deferral** — If you have more than 5% equity in your home, your lender may be able to defer your interest payments by up to \$3,000 for one year. This deferred interest may be guaranteed by CMHC.

Wilberforce News

by Janet Barker

Busy, busy and busier still with the promise that our summer pace is almost upon us, and welcomed it is too! These past lovely week-ends have drawn many visitors north, some for the first time since last fall and it's good to have them returning. A slight resentment is always present in tourist towns, be it Banff, Huntsville, or Wilberforce, a defensive feeling of infringement upon 'our' turf, that is unreasonable, especially in the economic sense. How many of us would not be able to live here if it weren't for the seasonal residents and week-end visitors who yearly bolster our dependent economy? Granted it will certainly be better when we someday have some more permanent means of livelihood, but till that time arrives, let's be thankful for what we do have, and for being able to live in this beautiful area. If we could learn to be less localized in our thinking concerning our villages, counties, and provinces, and re-

member that we're all simply tenants in this land, on this world, our outlook would certainly become enlightened. So share our area this summer with a smile; it may become a habit.

A week ago Tuesday, an informative day was spent in the Community Centre by about 95 people who gathered to learn more about the Home Support Services, as well as other aid available in the area. Nurses Marion Tallman and Shirley Mumford elaborated on the work of the Public Health Unit and V.O.N., respectively, in the County, while Doris McCann, president of the HCHSS, detailed its program in the area. Two films were also part of the agenda, and registrants enjoyed a luncheon served by the women of the United Church of Tory Hill. Of special interest was a talk given by guest speaker, Dr. Joy Ballard. Dr. Ballard, after developing Multiple Sclerosis at the age of 39 ran a girls' camp and gift shop just south of Wilberforce, and has continued to maintain her independence as much as has been possible. The following is a poem by Dr. Ballard: They call me disabled but really I'm not, for I've got lots left that others have not. The things that I've lost I don't bother to count, the things I've got left are the important amount. I've got my eyes, I've got my ears, and even one good hand. I may not walk, but I can talk and people understand. I still can laugh, I still can sing, I still can do most anything. I have a family, have a home, and memories dear I'll always

own. I've got warm clothes, enough of food, and steady friends to me are good. So why complain? I've got it made - out of the sun enjoying the shade. I work at being happy, it's not hard to do, and that's all the advice I'm giving to you.

And that's certainly a positive outlook on life that we can all take notes on! Vicki Agnew, coordinator of HSS in this area, says there'll be other similar days so we'll keep you posted.

Coming up on May 15, there'll be a benefit dance for Don and Ann Meharrie at the

Harcourt Community Centre. Its a good cause, and a good time, so come on out for the evening and enjoy.

One week following, on May 22, it'll be time for the annual auction sale hosted by our own South Algonquin Kinsmen, and taking place in downtown Wilberforce, in front of the arena. For those of you who are into or have finished up your spring cleaning, and have piled up those inevitable odds and ends you no longer need, here's a chance to get them out of your hair and at the

May 1 was the date of a bridal shower for Heather Renouf and Ken Griffin held in the C.E. building on Saturday morning. Heather was the recipient of many useful gifts.

Mrs. Cummins of Halls Lake was a patient in the Lindsay hospital but is back at her home now, as is Mrs. Garwood Thomas who was a patient in Peterborough. We wish both of these ladies a speedy recovery.

Back home from their winter residences in the South, are Mr. and Mrs. Ross Harrison from Fort Myers, Mr. and Mrs. M.B. Windsor from Tampa who were accompanied home by Mr. and Mrs. Garth Windsor of Horne Payne and Mrs. Muriel

Hewitt from Florida and Sarnia.

Mrs. Shirley Edmunds of Niagara Falls spent this week-end here visiting with her relatives in the area.

Mr. and Mrs. Garth Windsor attended a wedding in Belleville on Saturday and Craig Windsor and children visited with the Lori Tomkins and the M.B. Windsors.

Mrs. Irene Minaker of Lindsay stayed with Mrs. Velda Harrison for a few days and visited with friends and relatives in the area.

Our winter neighbours, Mr. and Mrs. Tom Young, have returned to their cottage on Kishog Lake after spending the winter in the Ross Harrison home.

This is a full Gospel ministry dedicated to proclaiming the uncompromising word of faith and meeting the needs of the people. Cecil is a layman whom God has called into full time service and has ministered across Canada and in the U.S. As well as being a Nashville recording artist with an appointed singing ministry, Cecil shares an exciting testimony of deliverance from alcoholism, the occult, severe mental depression and the life of victory now available to every believer. This ministry is in demand for church crusades and revivals, F.G.-B.M.F.I. conventions and banquets, as well as teaching seminars and conferences. As this man ministers the word of God to the people, faith comes and many needs are met. Many have been saved, healed in their bodies and delivered from bondage as Brother Glover ministers the love of Jesus Christ to the people.

Chatting with Irene

from page 9

Mrs. Lorne Hogg of Lindsay has been visiting with the Les Hogg family for awhile.

Minden library wishes to remind all students, when cleaning out their lockers or rooms that the music tapes they have borrowed, and not returned are now overdue and if not returned promptly will be counted as lost. In that case you will be charged for them. These tapes are expensive and could cost you as much as \$10.00.

Mr. and Mrs. Sam Drandsma of Lindsay visited with Mr. and Mrs. Phil Robinson last Sunday.

There was an excellent Mother's Day service at Minden United Church last Sunday. Mothers receiving corsages were - Mrs. Lily Hogg and Mrs. Mary Windsor as oldest mothers present; Mrs. Ian Minto for having the youngest child; Mr. and Mrs. Cal Wilson had the most family present.

Cartoons will be shown at the library this Friday evening, May 14, starting at 7:15 p.m.

Mr. and Mrs. H. Lloyd Brownridge of Scarborough spent several days at their cottage last week.

By the way be very careful where you park while in Minden. I watched the bus trying to get away from the bus stop one day, and all because a car had parked

You know we really should not put all the blame for the mess our country is in on the governments. Part of it is our own fault.

where there were No Parking signs.

Did you see the article on Scott Callow on Global last week? Scott is the grandson of Harold and Marg Coulter and is making a great fight to overcome the injuries he received while playing hockey in Huntsville last October. Great going Scott, keep up those exercises.

Mr. and Mrs. Gordon Dawkins and Beverley of Rexdale; as well as Mr. and Mrs. Don Grummet and Drew of Toronto spent the week-end at the Dawkins cottage.

Mrs. Maude Coulter and Mrs. Vivian Kernohan spent several days in Huntsville last week visiting with the Bill Barkwells and the Jim Grahams.

This is the official police week in Ontario. We should pay tribute to the O.P.P. for the work and overtime they put in throughout our County, keeping it a place we like to live in. Three cheers for the O.P.P.

The Golden Age Bowling League held their banquet at Gelert Gardens last Friday evening. A large crowd was in attendance and a good time was had by all.

Congratulations to Mr. and Mrs. Doug Carpenter on their 25th wedding anniversary. A surprise party was held for them at the arena last Saturday evening.

Mr. and Mrs. Phil Robinson spent several days in Lindsay last week visiting with friends and relatives.

The Minden Women's Institute are holding their next meeting in the Common Room on May 19, at 2 p.m. The draw will be made then on the Indian Doll; so anyone still with tickets please turn them in.

It is nice to know that our fruit market is now open for the summer.

Mr. and Mrs. Lyman Cox and Mr. and Mrs. Morris Henderson had Mr. and Mrs. Goldie Henderson visit with them on Saturday. On Sunday Mr. and Mrs. Lyman Cox, Mr. and Mrs. Wayne Cox, Mr. and Mrs. Ken Cox and families visited with the Ron Cox family in Peterborough.

The Minden Women's Institute bus trip is to leave Minden on June 9, at 10 a.m. They will travel to Markham

shopping centre for shopping and lunch, then to Mount Joy Museum, after which they will journey to Cullen Gardens for their evening meal then seen the Gardens in the evening. The bus cost is \$12; so if you wish to go, contact 286-1648 for your ticket.

Ann Schell and Gregory of Ottawa visited with friends and relatives over the week-end.

Winners at the last mini card party until fall were: Cribbage - Cora Hewitt, Ethel Leigh, Euche - lone hands - Irene Houghton, Ada Turrell, Pearl Cowen. The pot luck supper this week will end the season.

The Kinsmen flea market will be held the last week-end in May. If you have any articles for their sale please call 286-1584 or 754-2270.

Before signing off thanks to all those who are praying for our grandson's recovery. Adios and take care now.

Wilberforce News

from page 10

This past Saturday was a special one for Mr. Henry G. Robinson, who celebrated his 85th birthday surrounded by well-wishing family members. Mr. Robinson lives in Minden, and sources inform us that if we could be blessed with even half of his vitality at that age, yearly birthday cakes would always be enjoyed!

Sister Floss was unable to attend the dinner party given in his honour, but Lil and

Evelyn, along with daughter Colleen Riley and her family joined in the celebrations. All the best, Mr. Robinson!

This Thursday will see the opening of the doors of the 'old fire hall' once more, this time under the name of 'Country Goodies'. Under one roof you'll be able to find a gift in Eva Linkert's craft section while trying out her ice cream, pick up an informative book on Cake Decorating under the guidance of

talented Flo Oram, and exit clutching a variety of fresh baked goods provided by Linkert Bakery. Hours initially will be from 10 a.m. to 6 p.m. Looks like a yummy summer - mm, mmm!

Just down the road, the former Sprucewood Restaurant has been undergoing a freshening-up treatment. Jack and Marlene Detler promise an opening soon - we'll keep you posted.

Helen Bobinski has been going to the Wheels to Meals luncheons at Locarno every other Wednesday. She says she really enjoys them and feels comfortable. She especially likes Jack's jokes. She is making a lot of new friends.

On March 31 we had Constable Gary Chapman from the OPP come to visit us. He showed us a film on stealing

and how we should be honest. He played his guitar and we sang some songs. We went outside and he put his blinkers on and he talked to the man from Minden station on his C.B. We gave him a bird house to show our thanks.

On April 7 we went to Extencicare to watch some slides. It was very interesting to see Holland, Belgium.

On April 14 we went on a bus trip with Extencicare to Nolett's Pancake House at Hardwood Lake. We ate homemade syrup, sausages and homemade pancakes. Everyone said they really enjoyed the day.

On April 21 we were invited to see Li'l Abner put on by the high school drama group. Some parts were cute, some parts were funny and

everyone enjoyed it. They did an A-1 job - keep up the good work.

Friday, May 7, is my last day at ARC Industries. I am going on to Lorimer Lodge in Toronto where I will be learning more skills so that eventually I may be able to be on my own. I've really enjoyed my stay in Haliburton and hope to be back someday.

TIMBER SALE

The Ministry of Natural Resources is offering for sale approximately 20 cords of red pine pulpwood, also suitable for dock cribs and retaining walls.

This material is cut in 8 foot lengths averaging 5 inches in diameter and is located within a red pine plantation adjacent to the Bark Lake Road in Glamorgan Township. Sale will be tendered bid on a lump-sum basis for the entire 20 cords.

Tender forms and further information may be obtained from the Ministry of Natural Resources, Minden, Ontario K0M 2K0, (telephone 286-1521).

from page 9

cut out the first part of the recipe, so to you ladies who asked, I'm afraid I'll have to look up the original and get back to you.

This may suit you for a tasty lunch: Hurry Curried Chicken Soup: 1-10 oz. can condensed cream of chicken soup, 1/2 cup canned or homemade chicken stock, 1/4

cup dry sherry, 1 cup light cream, 1 to 2 tsp. curry powder, 1/2 to 1 cup slivered cooked chicken or turkey (optional), chopped unpeeled green apple (garnish). In the top of a double boiler gently heat chicken soup and stock. Slowly stir in sherry and cream. Add curry powder and chicken. When heated through, serve in warm

bowls. Garnish each serving with diced apple. Makes 3 servings about 301 calories each. If you have a pkg. of ready to bake rolls or biscuits in the refrigerator, brush them with butter or margarine and sprinkle with a mixture of sesame and poppy seeds. Let them bake while the soup heats. About 35 minutes from when you

started this whole thing you should be sitting down to enjoy. Stay healthy and be here next week. Give me a call at 488-2399.

Happy Gang News

from page 8

Long, Ivy Shaw took Elsie Porter, Ron Pearson, Beryl Morrow and Peggy Henderson. All were greeted most warmly by Les Hughes, president of the Haliburton Senior Citizens' club. The menu was a dandy as usual, wienerschnitzel with rice and mushrooms, carrots and peas followed by a dessert of ice cream and a raisin square. Last but not least was the tea or coffee served ad lib.

There is no place any nicer anywhere than Haliburton County at this time of the year with the leaf buds of every variety of plant life just bursting to unfold into a perfect leaf for its species. The crocuses have come and gone taken over by the tulips and daffodils, gorgeous with their beautiful colors and with that beauty outside the ladies stayed inside to make egg and salmon sandwiches for the Thursday evening party in the lounge of extender.

The very life of the part who call themselves the "Lochin Sour Notes" are an up and coming group of funny lads singing such a delightful score of hill billy

type songs. Their names are notable: Gord Darby, Bert Smith, Jerry Feltham, Russell Baker, Ron Little, Boyd Carr, John Newson, Howard Rovles, Jim Hamilton and Keith Hill. They had that delightful pianist Nancy Picard and a nice audience, their friends and ours to listen. A snack of egg and salmon sandwiches, pickles, carrot and celery sticks with tea was served by Ivy Shaw and Sylvia Ailbert with help from the nursing staff.

The Rev. Stan Lukin of the Full Gospel Lighthouse in Haliburton and his pianist wife Geraldine conducted the Friday morning devotional period at extender. The message was taken from the 23rd psalm, one of the four promise psalms, the 21st to 24th, but the 23rd promised that Christ would be our good shepherd forever if we only accept Him as our saviour. Forever forward is pretty well unanimously accepted as the future but forever backward merely implies that God's universe has always been and that neither time or space have any limit. The Happy Gang thank the Rukins for their concern for

our spiritual welfare.

In the afternoon were three movies, Ray Smith projectionist. 1. 'Apple Dolls' showing an elaboration of that dried apple practice when we were tots. Dried apples keep well, and are very easy to carve so that all you need to do to have a likeness of those you wish to remember is to carve the likeness out of an apple after it is peeled, give it a few months to dry and cure, then

Dysart et al council deplores world nuclear arms build-up

Dysart et al council has passed a resolution deploring the world-wide buildup of nuclear arms.

Council made the move at the urging of Stanhope ratepayer Louise Watson, who outlined her concerns about the nuclear threat and the testing of the cruise missile

at Cold Lake, Alberta in a letter to council. In passing the resolution, Dysart et al reeve Murray Fearney noted it was preferable to putting the question of nuclear disarmament on municipal ballots, a move which he said would be illegal under the Municipal Act.

dress them as you like to remember them and it is much better than a snapshot. 2. 'One kitten for Kim' a film we saw before that shows a wee lad start out with his wagon, four kittens and after some barter returns still loaded but no kittens. 3. 'Serpent River Paddlers' showing a native Huron community in Quebec that retain the lifestyle over many centuries along the serpent river.

from page 9

The area youths who participated in the annual Fennell Falls track and field events last Thursday made quite a showing for H.H.S.S. and the Guilford area. The athletes left at 7:30 a.m. and returned at 7 p.m. with many ribbons decking their proud chests.

Beth Cooper brought home a second and third prize ribbon for her running events, Lisa Jones took third place along with Bethany Woods' third place for the 400 metre relay.

Barry "Flash" Boice took a first, second and fourth. Tony "Speedy" VanLieshout took two second place, a third and a fourth for the events he entered.

Bill Mulholland's able track shoes brought him a third place ribbon in his event.

Ron "High Speed" Hyatt, took a third in the senior boys relay.

Dave Nicholls took home

Guilford Pulse Beat

two fourth place ribbons against a very, very tough field of competition.

Ribbon winners in the decathlon events were Ron Hyatt, who's shot put throw brought home a second place and Bethany Wood who armed in a second place in discus and a fourth place in the shot put. All the above athletes that took a first, second or third place ribbon will be heading down to Trent University Campus for the Kawartha track and field playoffs.

Kevin Barry informed me that the senior boys team from Haliburton Senior Elementary School won the basketball championship for the Haliburton area. Congratulations fellows!

Household hints of the week: • Spring cleaning time again and if you are painting a large area, and haven't finished by the time you are "pooped out", don't bother cleaning your brush or roller, just wrap the wet item up

tightly in a plastic milk bag, bread wrapper, etc. It will stay damp and usable for three to four days. • Punch holes in the rim of the paint can after you open it. This allows the paint to seep back into the can. The lid seals the holes in the rim when you put it back on. • Use a piece of plastic or foil on your roller tray before putting paint in it. At the end of the day just throw this "liner" away and you will not have lumps of paint built up in the tray to

worry about the next time you use the tray. • Remember! Latex paint has to be cleaned up with soap and water. Acrylic or oil base paint has to be cleaned up with mineral spirits or turpentine.

In closing, I sincerely hope all the mothers in the area had a nice Mothers' Day and until the next column God bless, take care, and call 754-2854 if you have any news or comments for the Guilford Pulse Beat.

Craft sales, free concerts to begin in Head Lake Park

Craft sales and free concerts in the Head Lake Park bandshell could be part of the summer scene this year. Dysart et al council gave its approval Monday to a Guild of Fine Arts request for permission to organize concerts in the bandshell with refreshments to follow at the

Rails' End Gallery. Council also gave the Guild permission to hold outdoor sales, but tables must be limited to the station platform.

The Guild had sought permission to hold the sales in the park.
